A
WORLD
OF
MOTION

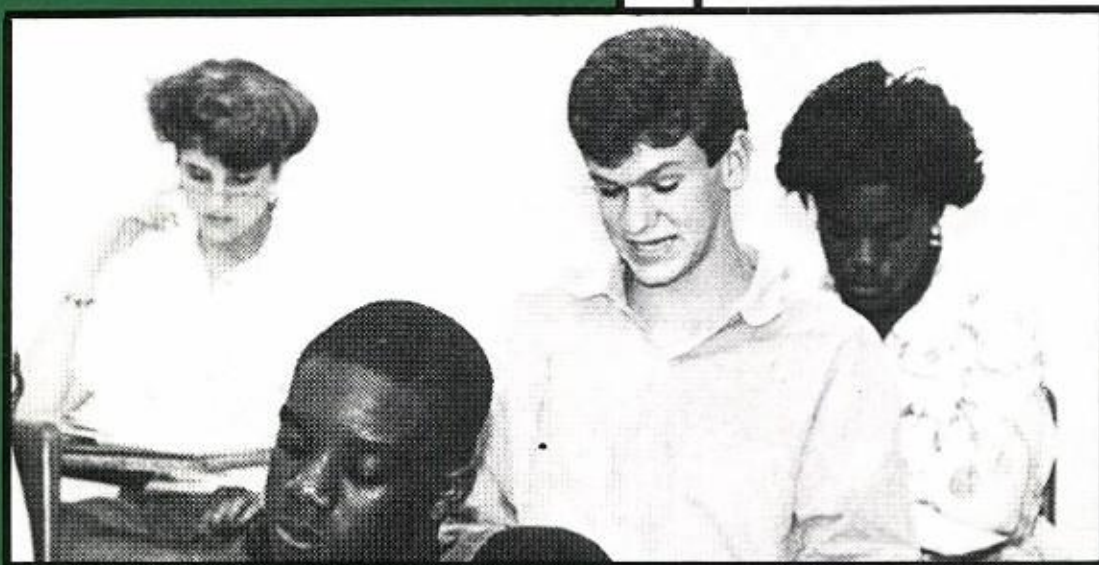

POINTING TOWARD

D SUCCESS

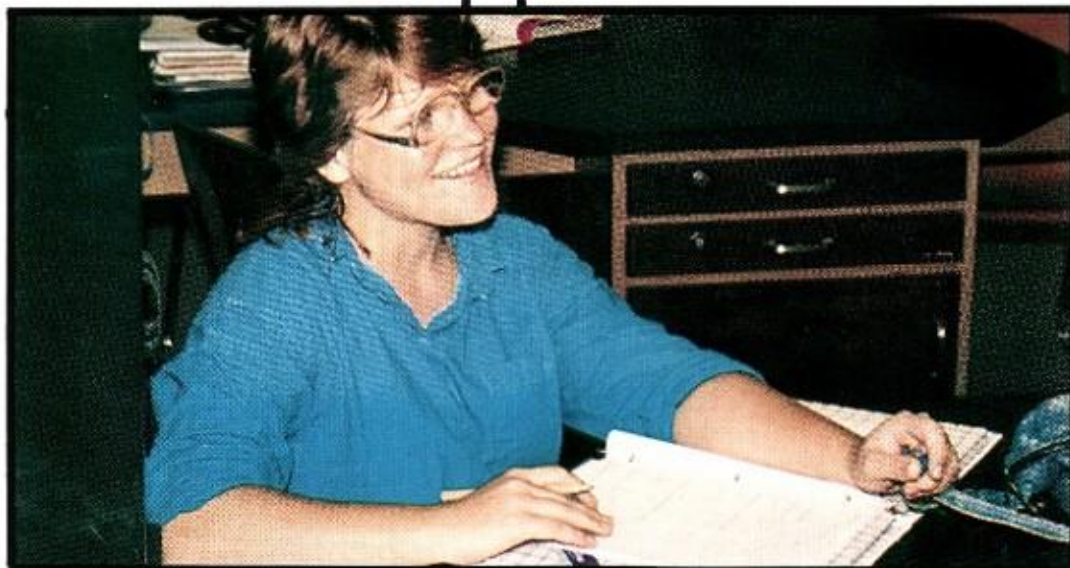

Motion — a vital part of our lives. Motion towards something helps us grow and enables us to get involved in life. Passivity in any facet of our lives

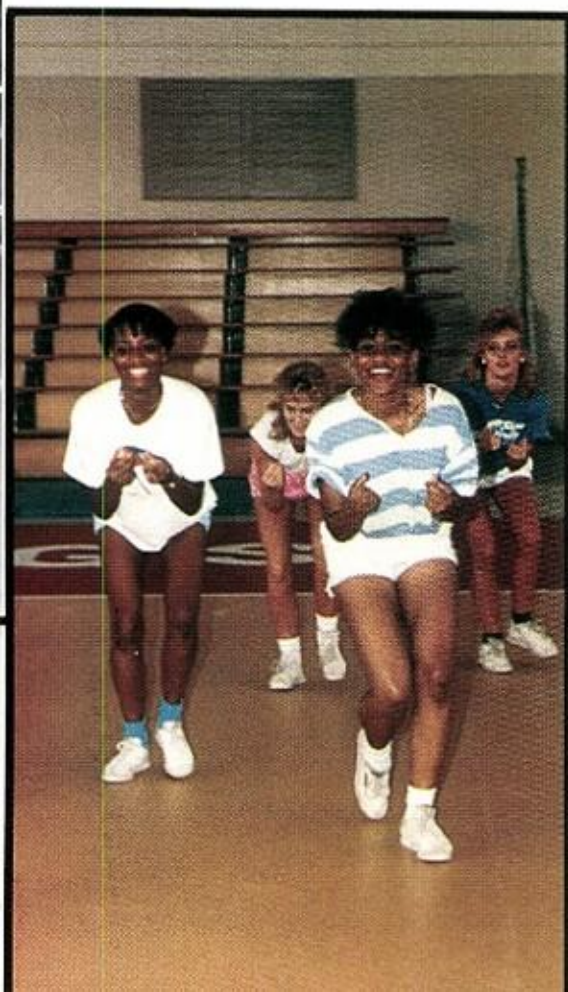

stumps maturity and we move nowhere. Getting involved and reaching goals in academics as well as social aspects of our lives always accomplishes more than remaining stagnant.

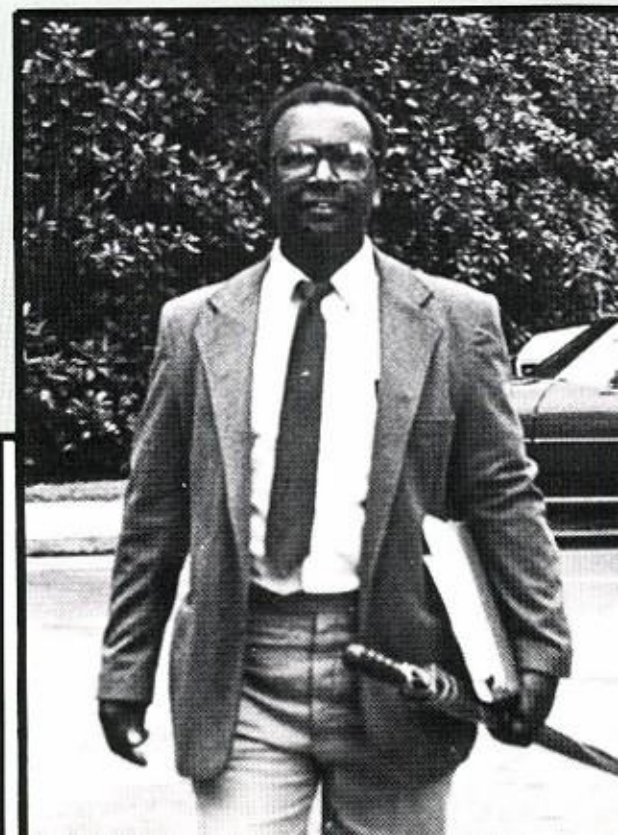

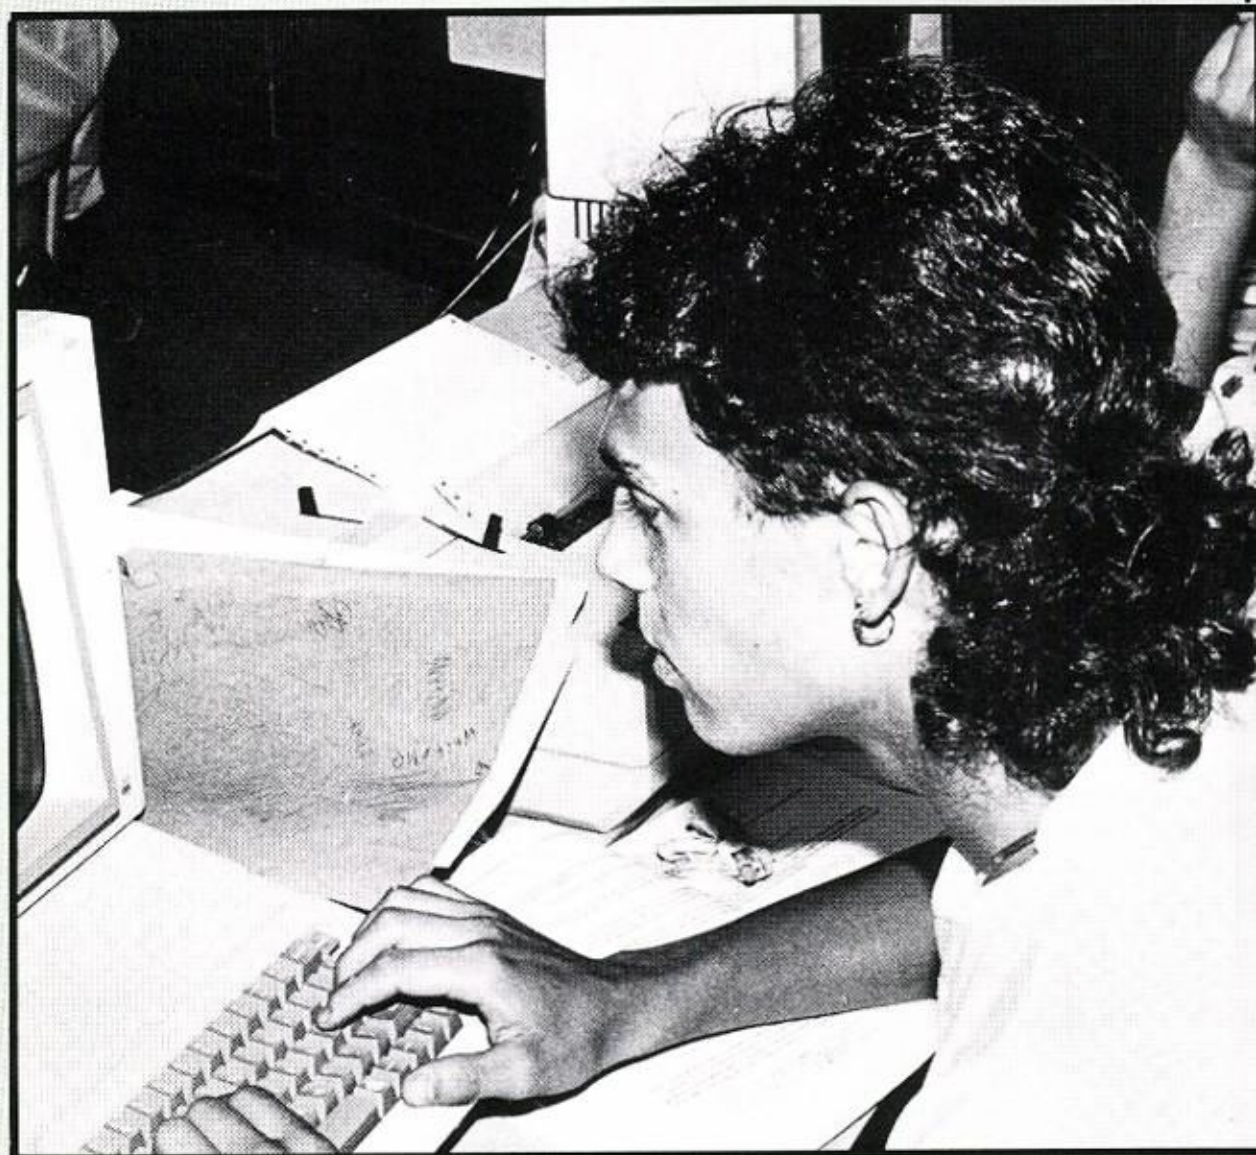

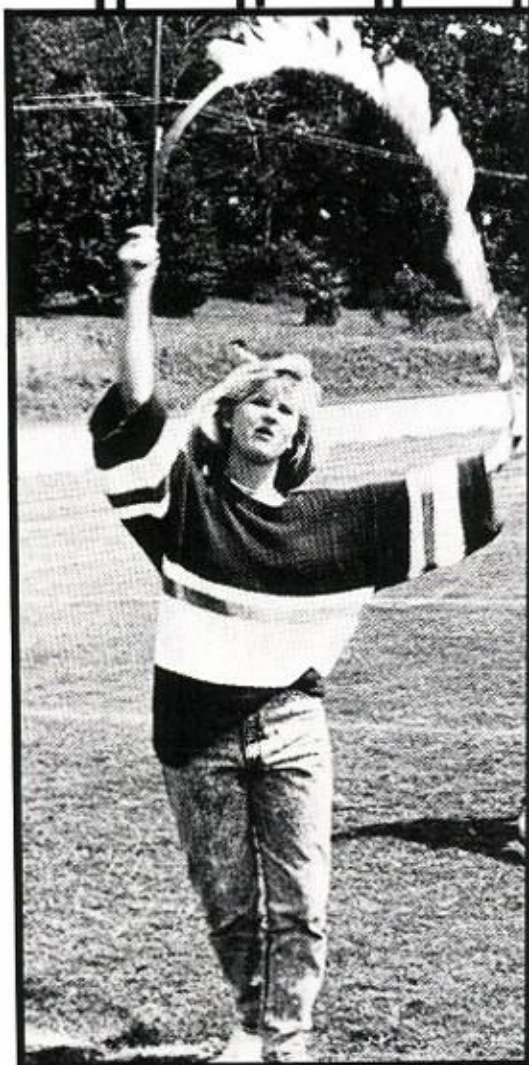

A Move
In The
Right
Direction

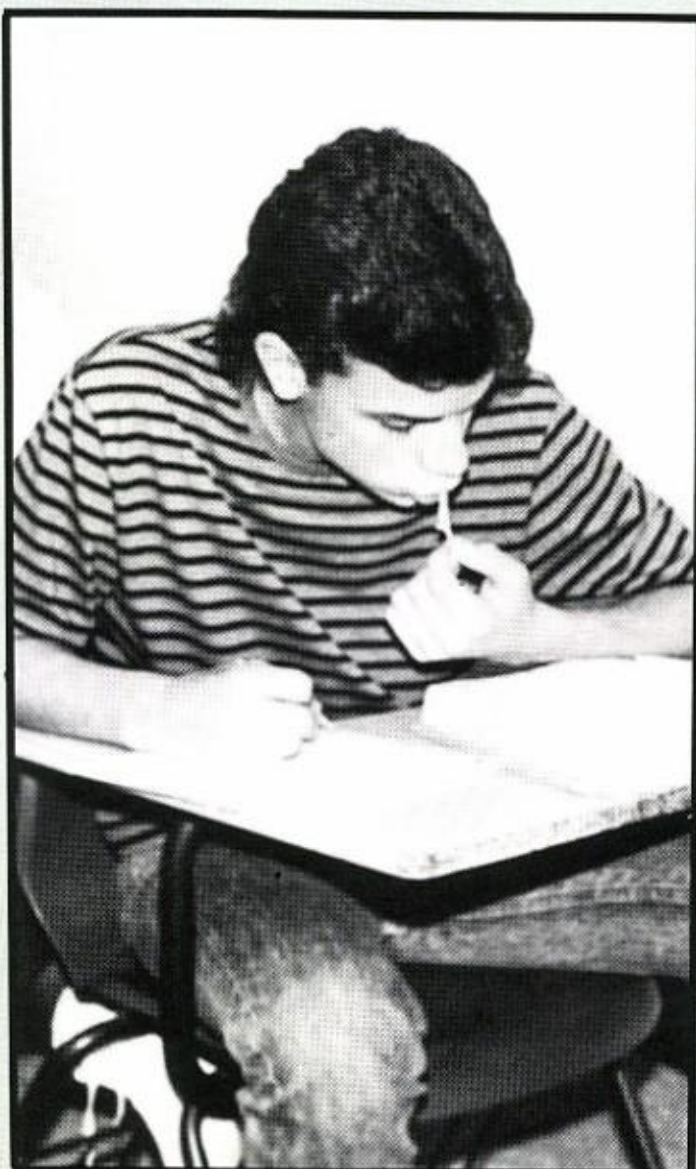

Reaching a state of social maturity demands that we reach out to others and work to achieve strong relationships. This includes standing by what you think is right but always having an open mind. Closing our minds to new ideas prevent us from fulfilling our responsibilities to society.

MOVING

ON

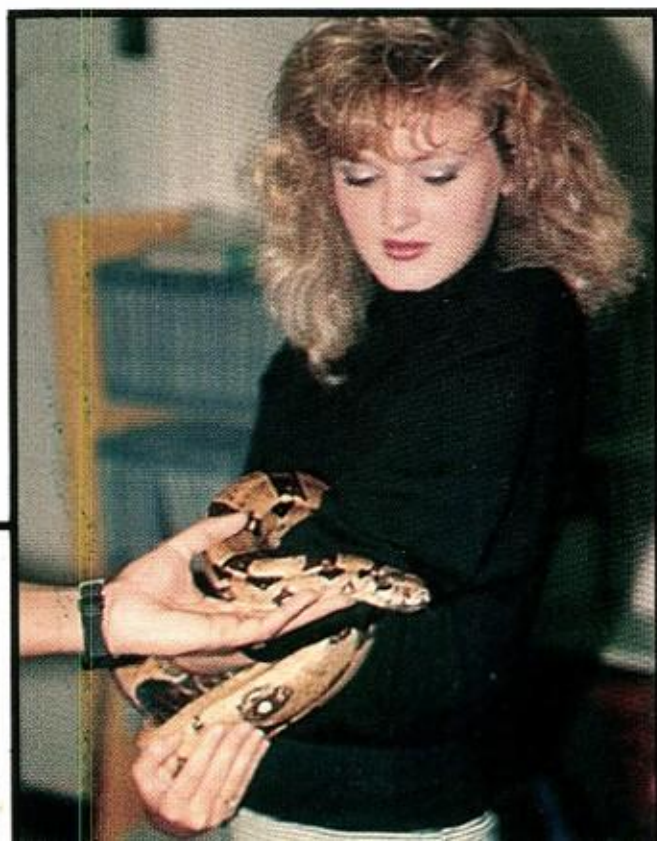

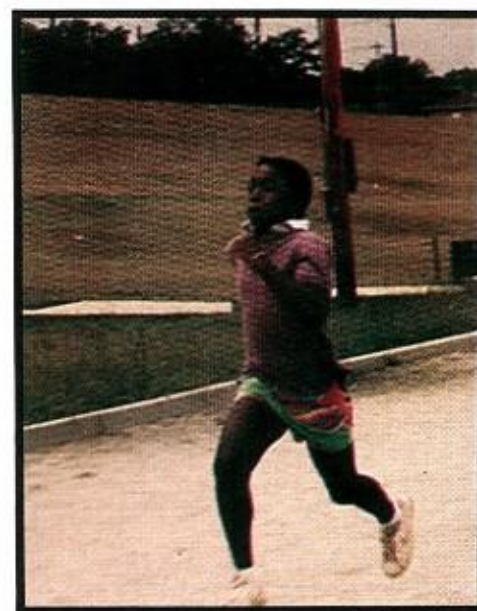

GO WITH THE

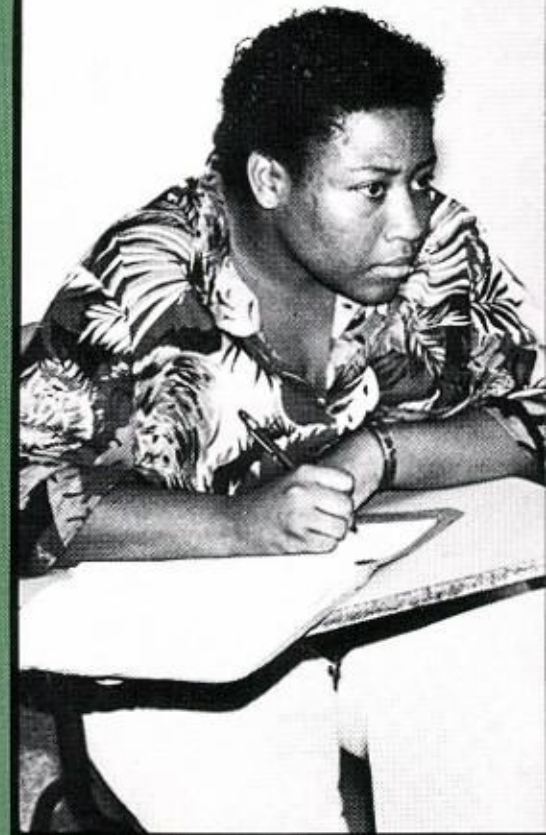

FLOW

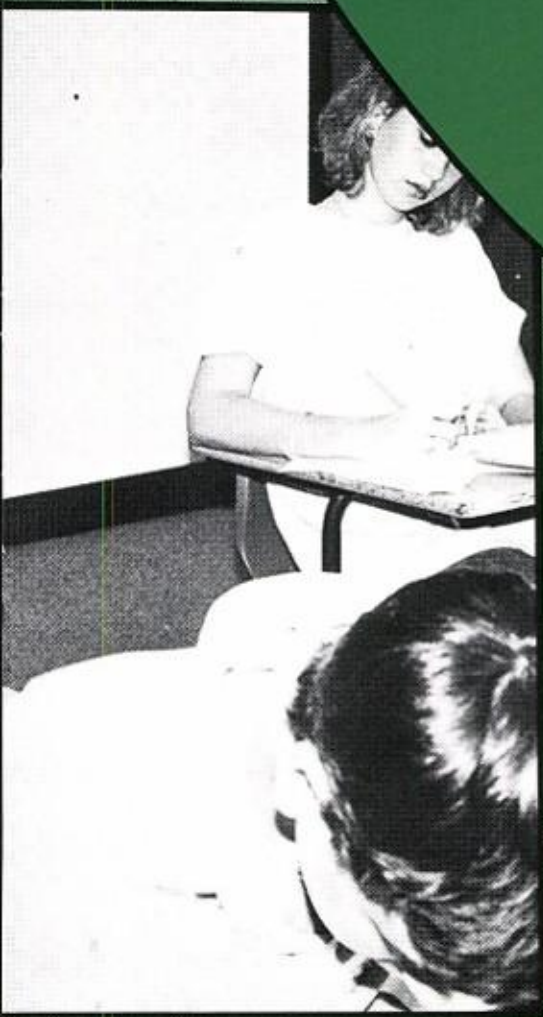

Give yourself over to the momentum of society without compromising your views. Totally rejecting the ideas and beliefs of others isolates us from society.

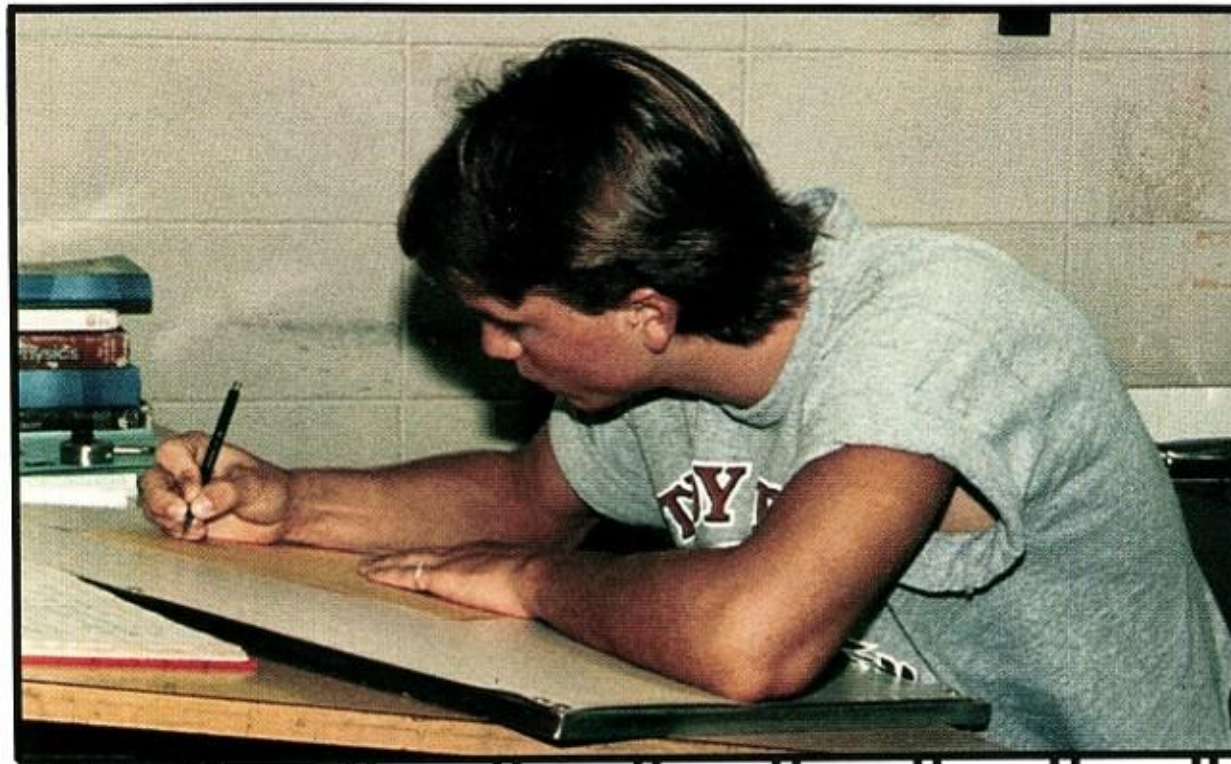

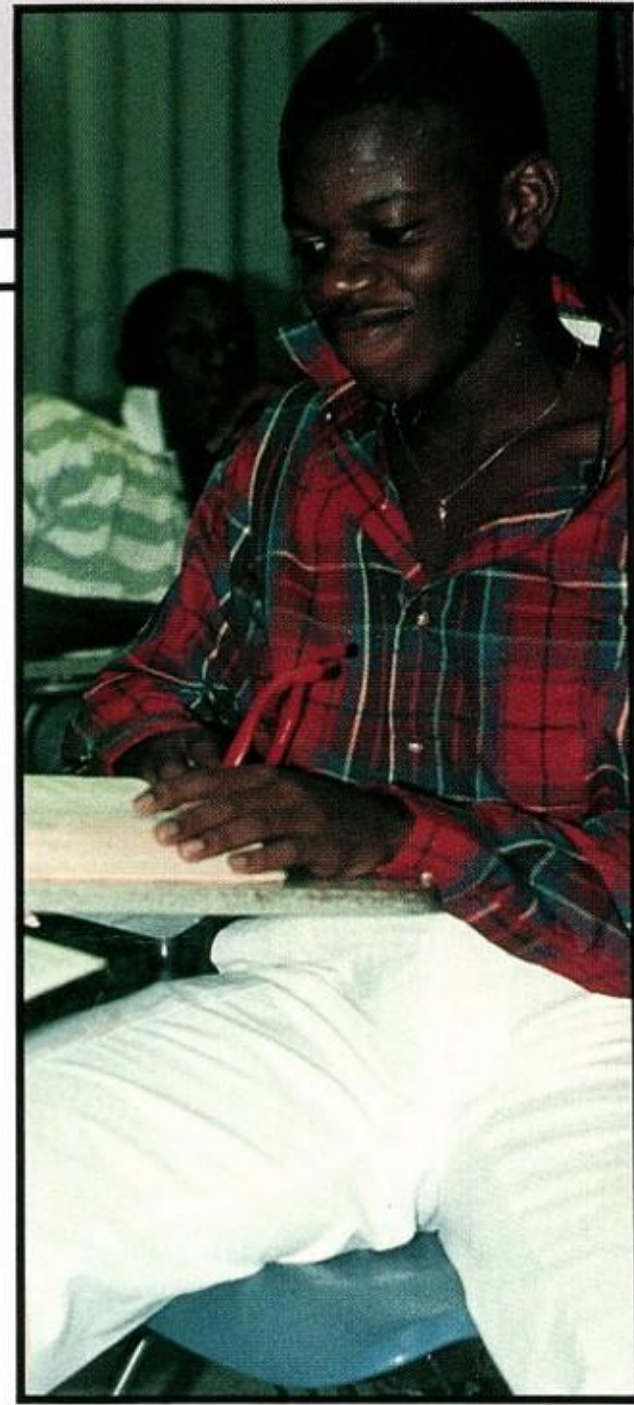

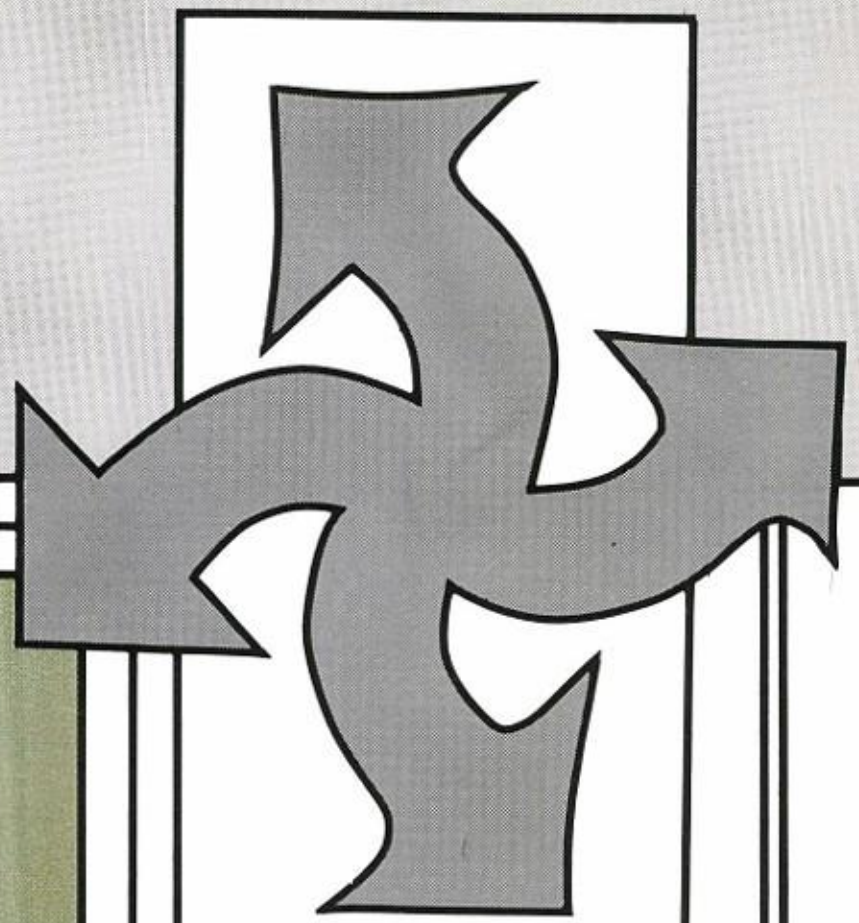

PERPETUAL

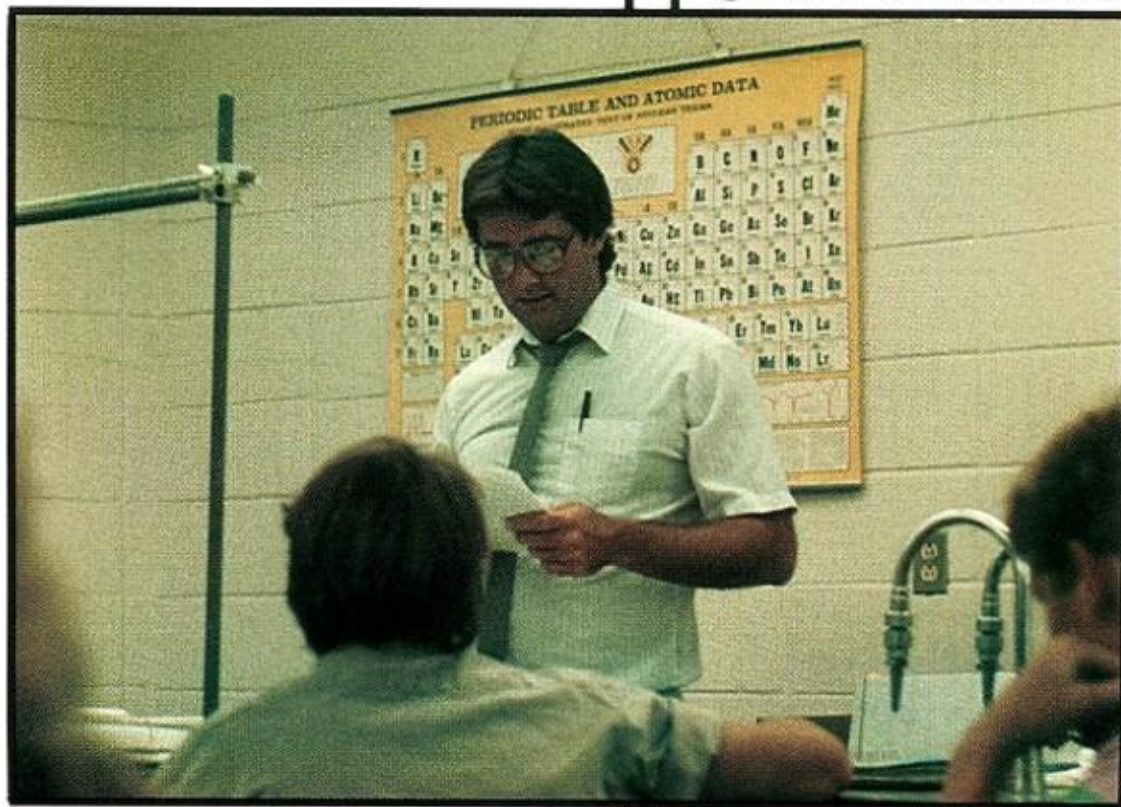

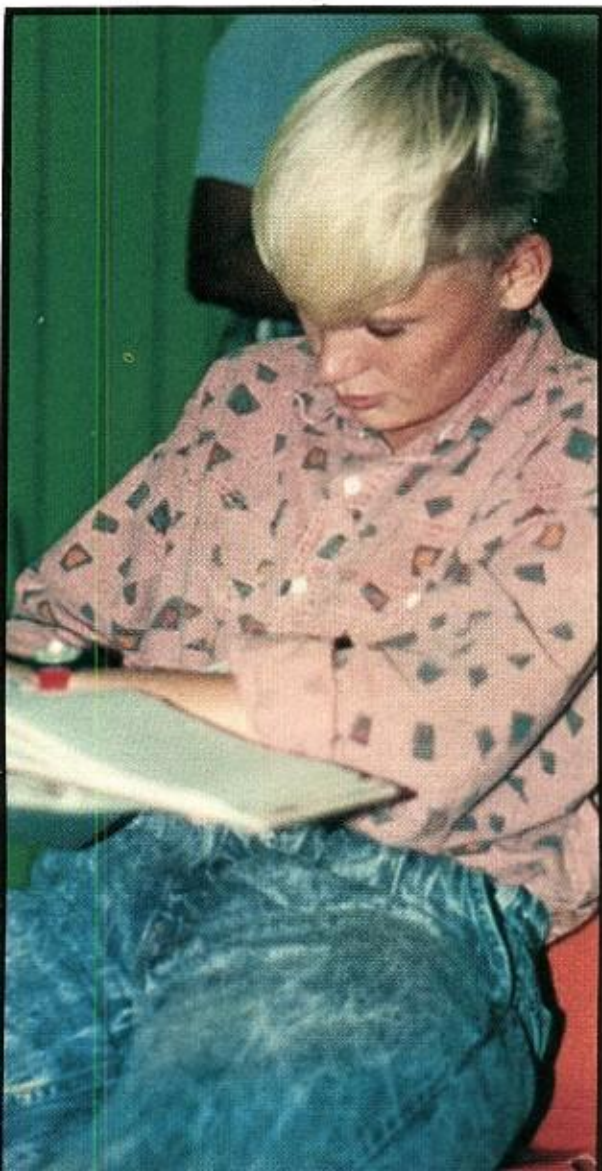

MOTION

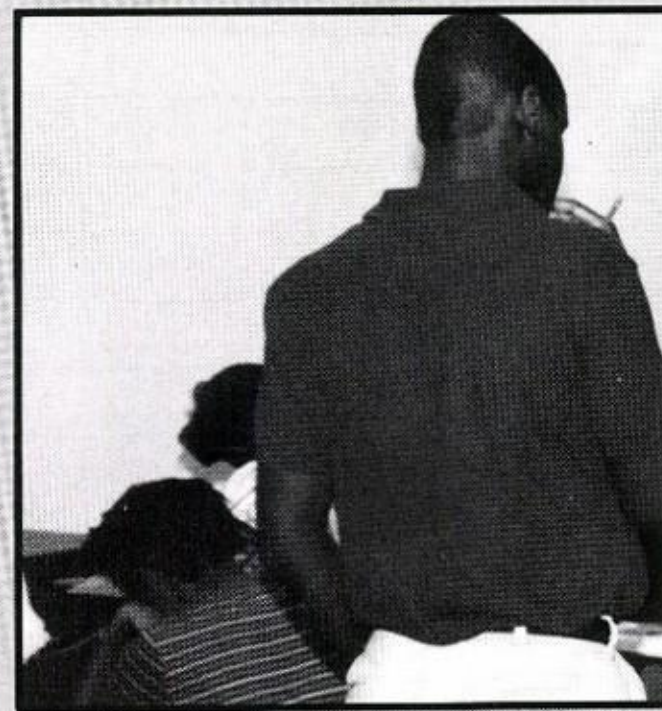

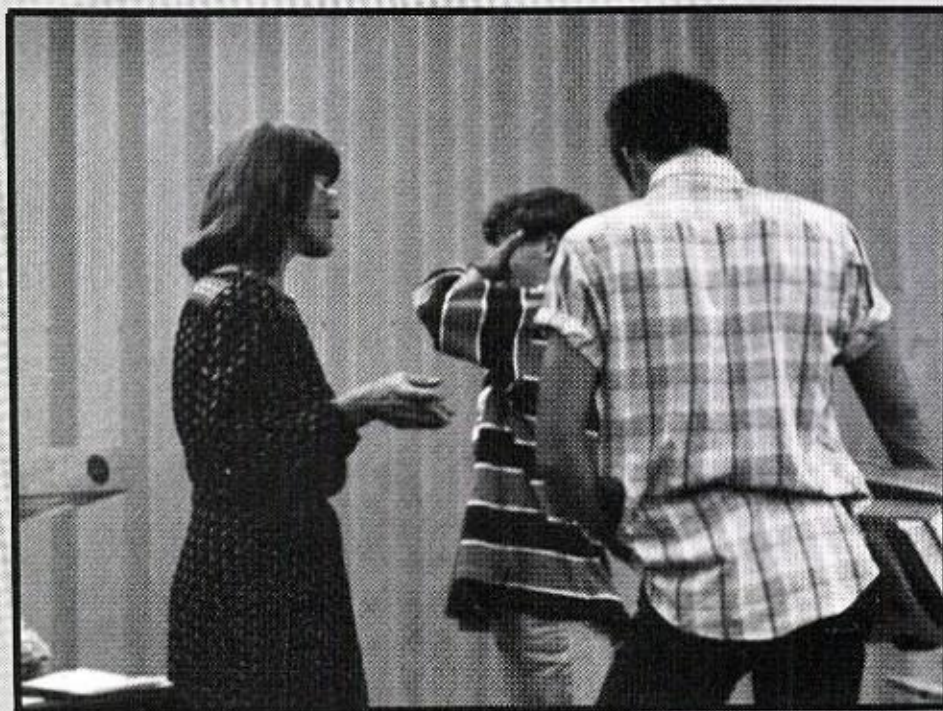

Moving forward academically requires dedication and determination. Setting goals for ourselves helps create an upward trend in the journey towards success. Often certain obstacles are thrown in our path, but with enough self-motivation, these can be overcome. The growth of intellectu-

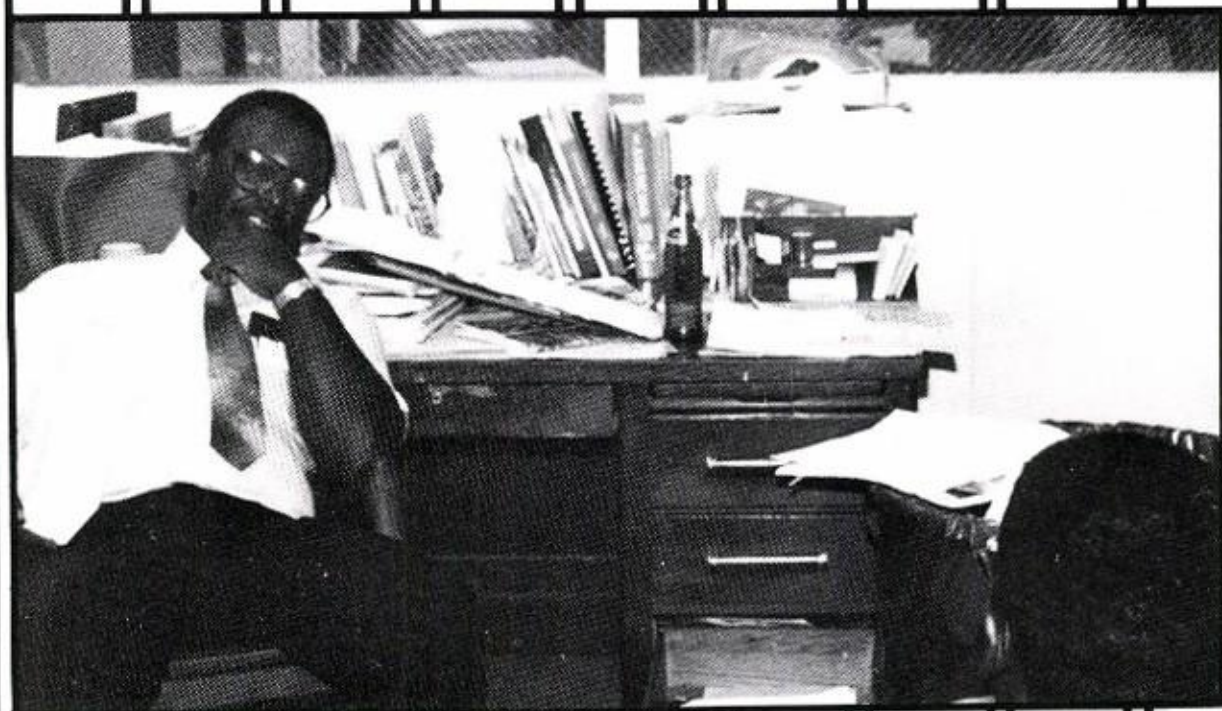

tal understanding is the beginning of the maturity needed for success.

T.H.S. Administration

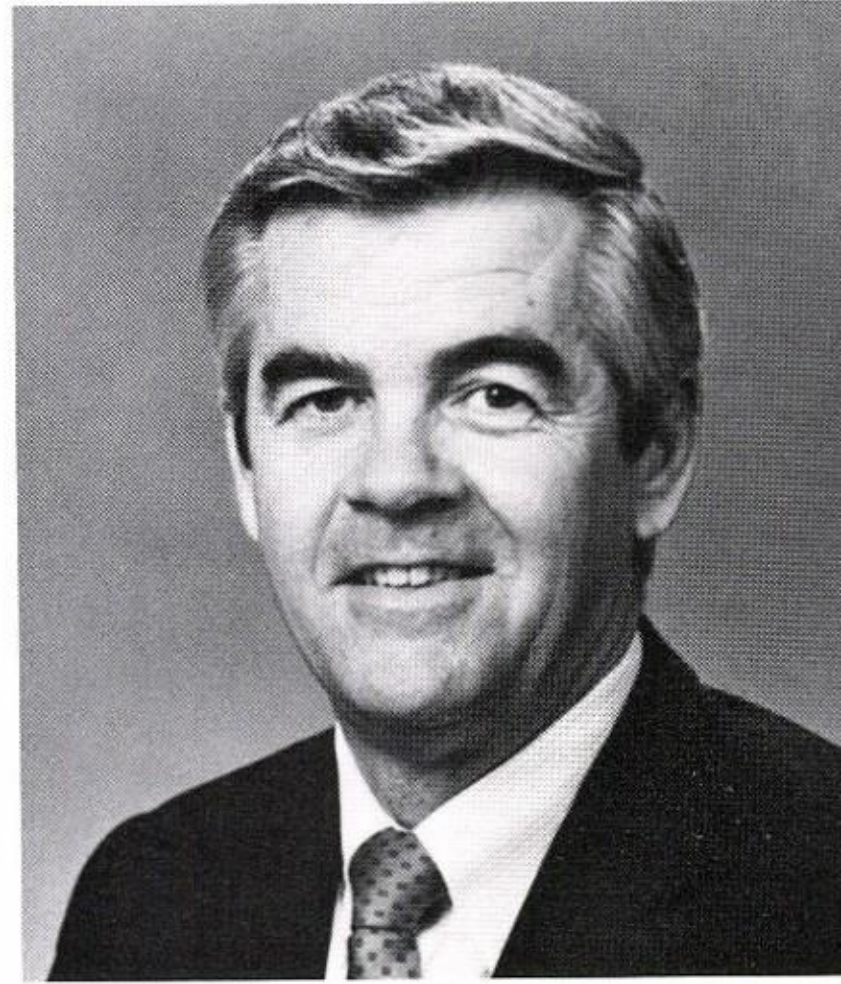

Imagine THS as an atom. The electrons, swirling around like bees around a hive, are held intact by the nucleus. Without the nucleus, where would they be? It would be a state of total anarchy. Without a central unifying force, the student body would be in state of anarchy — that's where our administration comes in. The administration performs such necessary functions as discipline, keeping order in the lunch line (no skipping!), curriculum, ringing the bell (maybe just a little early on Friday), and our school budget. Our administration is a part of what makes THS the best!!

The 1987-1988 school year was the second year of Dr. Dorminy's position as Superintendent. Last year he promoted school spirit with a Color Spirit Competition for the entire city system. This year, he furthered the education of the student body with a two-part informative session on AIDS. There are also many exciting plans for THS in the future, including possible expansion of administrative offices, addition of vocational classrooms, and acquisition of a girls softball field and additional parking spaces. (YEAH!!!!)

Counselors And Secretaries

All my SAT scores are missing? That's not funny Mr. Goff. Oh, you're not kidding . . . I've got four tests today, Mr. Williams. You've got to help me! . . . So, your life is falling apart and you're ready to throw in the towel . . . Chin up! That's what counselors are for! They're here to help us with any school or personal problems we may have.

We certainly can't forget the secretaries of THS! They help keep our school organized while lending a hand wherever needed. We students would be in a lot of trouble without the secretaries to get us those last-minute transcripts or our college applications sent off for the deadline that just happened to be yesterday.

Language Arts Department

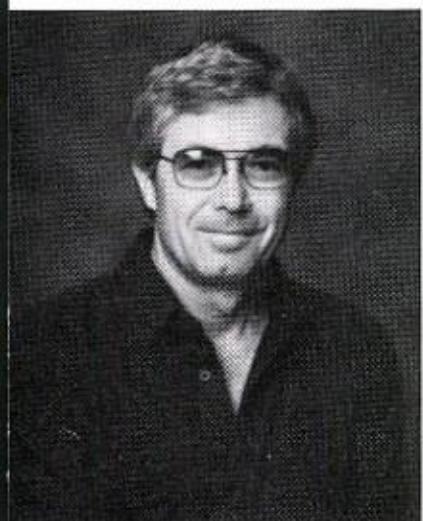

Every student at THS is required to take four years of English so that when we leave, we'll be able to use our native tongue properly. That's where the English department steps in. English teachers guide us through grammar, expand our consciousness through literary interpretation, and at the same time, try to drive us crazy with papers due every week. Aaahh! But the English department should be commended on its effort to provide us with the best possible background in our language that it can.

So, bring your English teacher an apple one day just to say thanks. But make sure they understand that there is no symbolic meaning in it or you may have another paper to add to your list.

Math Department

What is a parabola anyway? ... It's a circle an ellipse or an ellipse a circle? ... OK, lovelies. What about homework? Are there any questions or are you all experts? ... All I keep getting is an error message and I've tried everything! Line numbers? We have to have them for the program to work? ... You can't use a calculator to graph a line. Oh, you're using it as a straight edge ... If you're one of those people who cringe at the mention of math, you're in trouble because it takes 3 YEARS of math to graduate. But it's not so bad. The math department makes learning how math relates to our everyday lives a challenge to be met. On the other hand, if you love math, there's the calculus class to conquer or trig to challenge you. The math department prepares students for the addition, subtraction, graphing, equation solving, and other mathematical functions we have to face in life.

Science Department

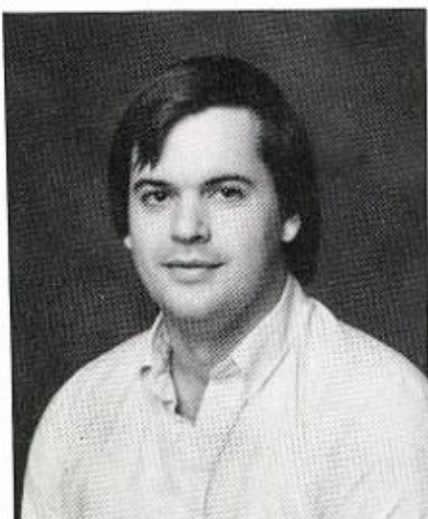

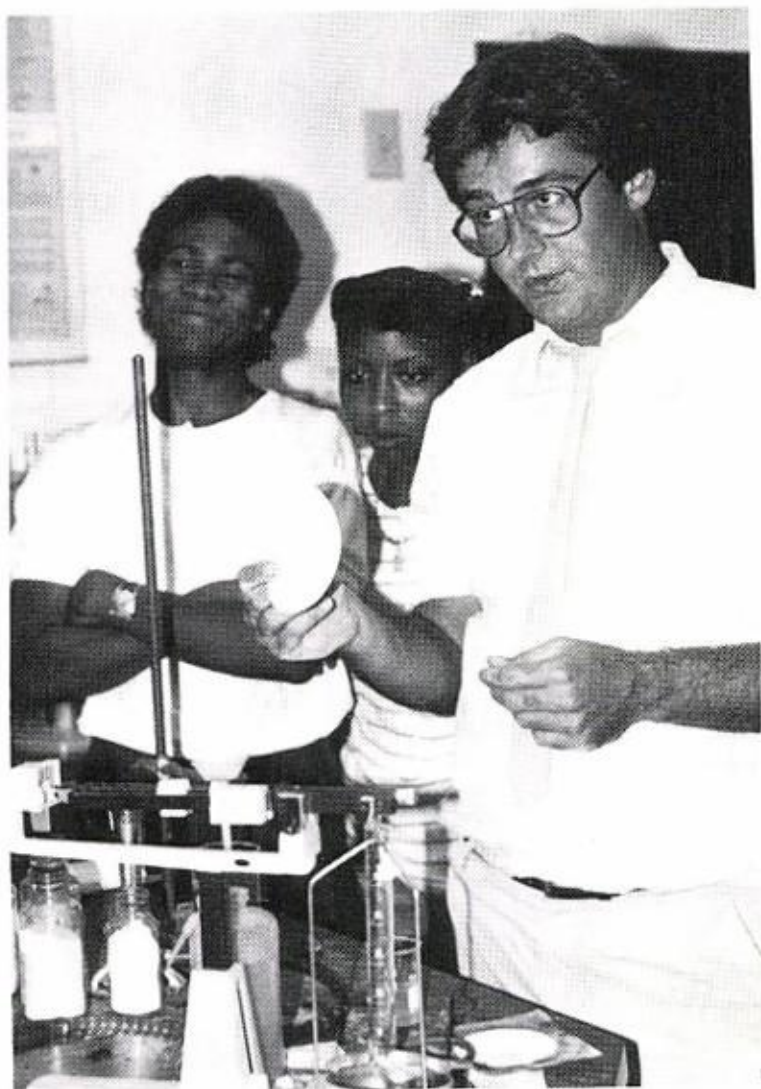

"No, you can't glue the bunsen burner to the lab table!" ... "What do you mean the litmus paper burst into flame? It was only supposed to turn blue! ... "Just give me my Lab before you blow up the place. You realize that you will be totally slain if you do that, don't you?" ... Science is what you make it, and the majority of the students at THS make it fun. What would be better than collecting insects in the middle of winter or dissecting Kermit the frog or a favorite pet worm. The Science department does its best to graduate students from THS with a working knowledge of how our everyday world functions. Exploring the frontiers of science allows students to meet new and exciting challenges while learning to face life (funeral services for Kermit will be held tomorrow). And by the way, if you're walking down the hall and smell something really terrible, that's the future chemists of the world playing in the sulfur again.

Social Studies Department

Are you serious? Henry VIII had 6 wives? He's right up there with Mickey Rooney! . . . Why did Napoleon always have his hand in his coat in pictures? Did his suspenders break or something? . . . Maybe you're not a history fan, but studying our ancestors give us an insight into ourselves and why we do things. The THS Social Studies department works hard to develop the skills of the student body so that we may one day be a part of history . . . What do you mean you lost \$100,000 in the stock market? Another movie on the fundamentals of checks and balances? Ahh! . . . Economics, another aspect of the Dept., is a valuable course and something we will use in our everyday lives. The Social Studies Dept. deals with our past, present, and future to provide the student body with a well-rounded education.

Physical Education Stresses Work

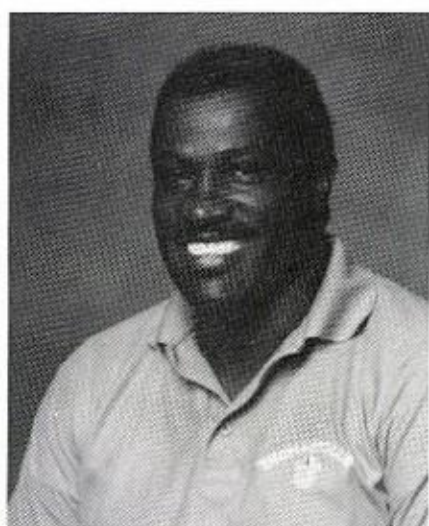

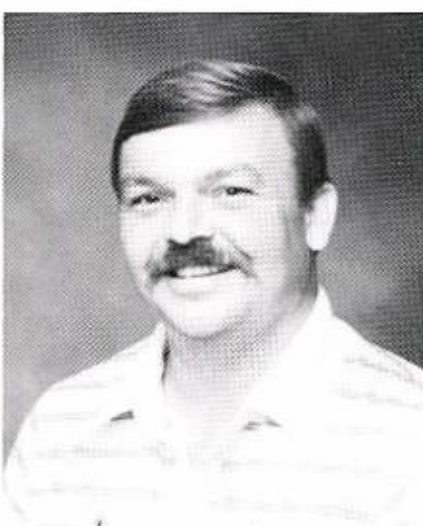

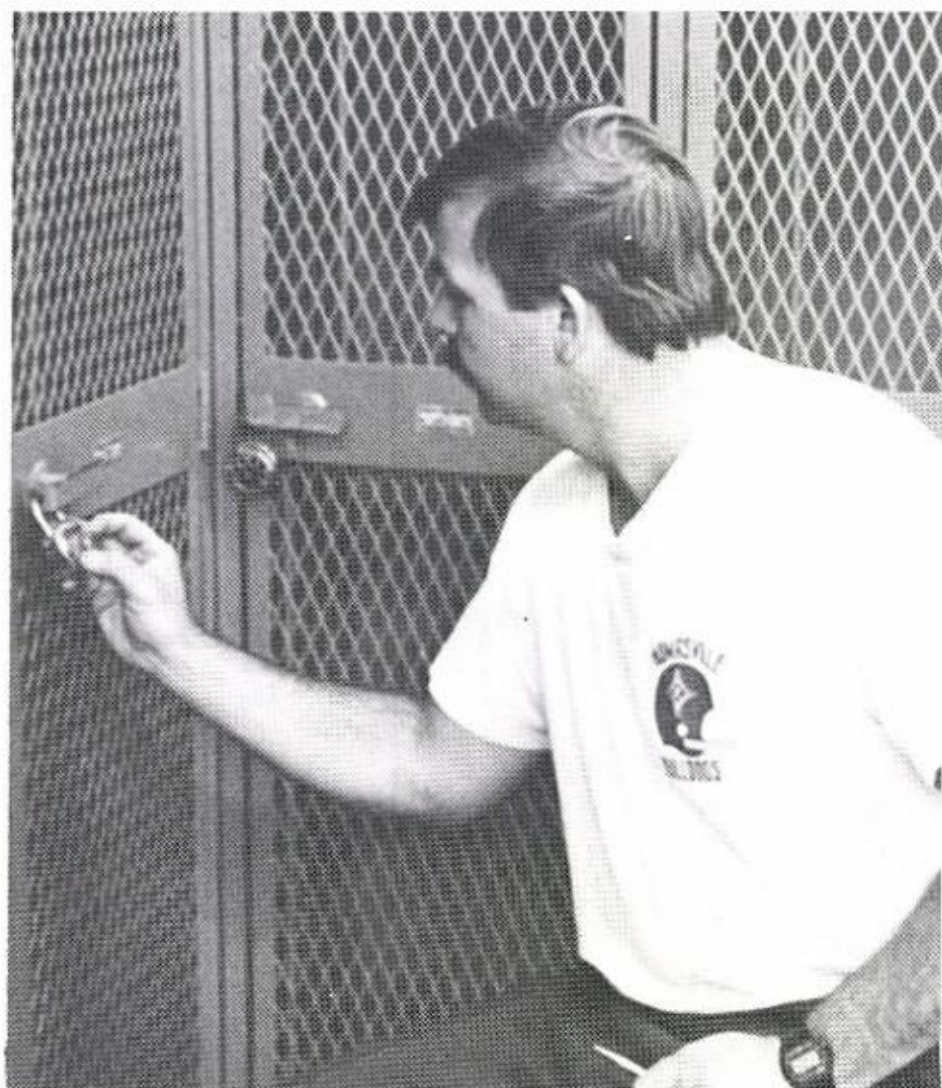

O.K. class, you can hit the locker room. You've got plenty of time . . . There's 30 seconds before the bell rings. — Hustle! No, your five laps can't be around the telephone pole. — It's a bird . . . It's a plane . . . No! It's a misfired tennis ball over the fence again! So maybe you're not Bruce Jenner or John McEnroe, but the THS coaches try to gear the physical activities available to appeal to everyone. The coaches are concerned with keeping THS physically fit while making it fun in the process. They introduce students to new games, as well as some old favorites, and try to teach the importance of team cooperation and sportsmanship. Thanks coaches, we'd all be fat slobs without you!

Business Ed.

Excuse me Mrs. White, but I really can't think with all this noise going on. Yes, I realize that all typewriters sound like that but if we just stopped for a little while I could get my hearing back . . . Oh! So, when the bank says I have a negative amount in my account, that means I have no more money. I thought the bank was subtracting that amount from it's money supply and were just telling me for some strange reason . . . Why do I want another bottle of white-out? Well, I really wouldn't need this one if you would stop counting off for errors. Aren't apple and epple spelled close enough to get by? . . . So, you're not one of those people who want to take typing. Well, at least take accounting so you can figure out how much money you're paying other people to type your papers. (That can get expensive with the tons of papers that have to be written in college!)

Librarians

What do you mean we have to write a 5000 word essay on quasars, having only 4 paragraphs, using the word quasars only 10 times ... and it's due tomorrow?! ... It's due today? I thought Anna Karenina was due next week. I haven't even started! ... Honest Mrs. Stowers, I really did write my paper, but my dog ate it. Can I turn it in a little late without any points being taken off? (I wouldn't count on it!) ... If you're plagued by one or more of these problems, then it's off to the library! The library is an important part of our school, although many students take it for granted. Where else could you finish your paper due next period or grab a few newspaper articles? The library staff is ready to help with reports you may have, using the card catalog, or just finding the correct spelling of word. Just keep in mind ... **ONLY FOUR PEOPLE TO A TABLE!!**

Fine Arts Give Students Culture

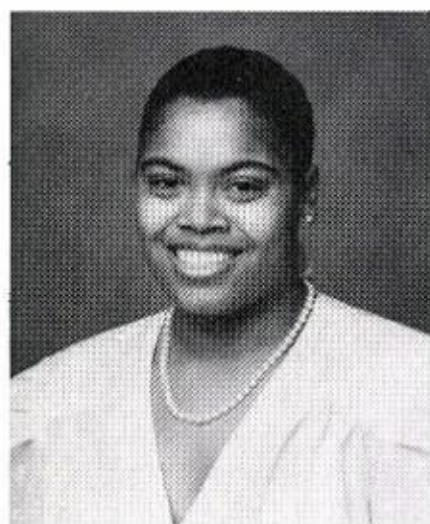

Mrs. Lawson, my ears are squished! Can't I take these dumb headphones off? I don't know what this woman is saying anyway . . . But it's abstract art, Mr. Williams. I know I haven't shaped the clay yet, but it doesn't need to be . . . Who would have the patience to make up a scale like DO-RE-MI? . . . Although not given enough credit, the Fine Arts Dept. at THS offers students a break from the monotony of academics and a chance to develop the talents that may be hidden within us. The Fine Arts teachers are responsible for developing what little culture we may acquire before leaving THS.

Special People Contribute Variety To THS

Yes, that's right! The Special People have a category all their own (and they deserve it!). The teachers in this field teach special skills such as photography, drafting and wood working while providing the hearing impaired and LD students with the special attention they need. Many students have opted for a new twist to their high school career. Juniors and seniors have the opportunity to attend Thomas Tech for part of their school day. On the other hand, seniors have the opportunity to attend Thomas Tech as their senior year. They leave Thomas Tech with the skills necessary to enter the career field of their choice including such fields as Respiratory Therapy and Metal Working.

Lunchroom And Maintenance

STAMPEDE! No, it's just lunchtime in the THS cafeteria. Lots of hard work and dedication goes into preparing a nutritional lunch for the entire student body and faculty. Can you imagine cleaning up afterwards? Ughh! For a room that has always been declared "off limits, mystery meat cooking," the cafeteria is the busiest place in THS. The maintenance staff is an invaluable asset to THS. They keep the school clean and in tip-top condition. (Let's face it, wading through halls filled with paper would not be very pleasant!) HATS OFF to these people.

Class Of 1988 Exhibits Charisma

Are we the best class to come out of THS? — yes!! — Our achievements range from winning the first pep rally (a unification of spunk and spirit) to being the first class to meet the new core curriculum. — All the previous classes of THS have claimed to be the best, but we are!! — Our voices boomed above all the others at Thomas County Stadium as we cheered our classmates on to the first victory over Central we've had during our high school career. — WAY TO GO DOGS!! — More important than our school spirit or winning a football game is the friendship that has developed among the members of the Senior class. Four years is a short time compared to the length of time that friendships made here will endure. It is always nice to know that there is someone to lean on in times of need. To finish out a great high school career, we'll all be basking in the sun in the Bahamas for 4 days after graduation on the Royale. Have fun guys and don't forget your suntan lotion!!

Juniors Join The Ranks

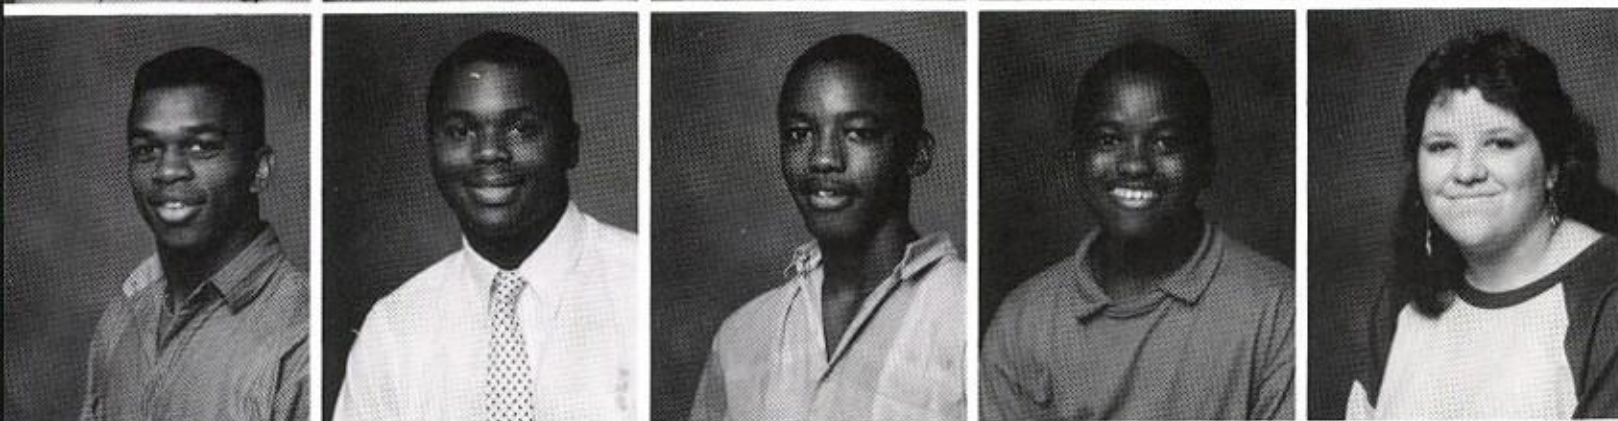

"Boy it's tough to be stuck in the middle!" — So what are you going to do? No longer lower classmen, the juniors have now joined the ranks of the elite group known as "Upper classmen." Led by many talented young adults, the Junior class is a class with a very promising future. They've exhibited qualities that make them great students and even greater people. Included among these are spirit (winning the 2nd pep rally) and a common bond between members of the class. — "Oh no, Mr. Faulkner's chemistry test is next. I am slain!" — The Junior class is responsible for transforming the THS cafeteria into a showplace for the Junior-Senior Prom and are faced with the dilemma of determining why a whale is the main character of a book (Good luck, guys!).

Sophomores Croak Over Wilbur

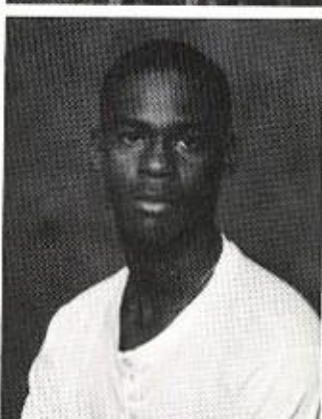

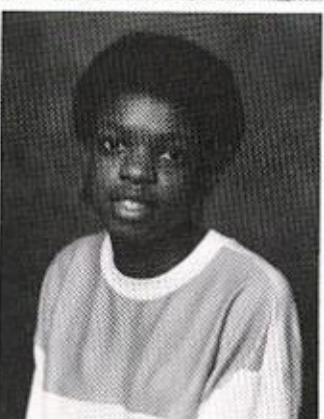

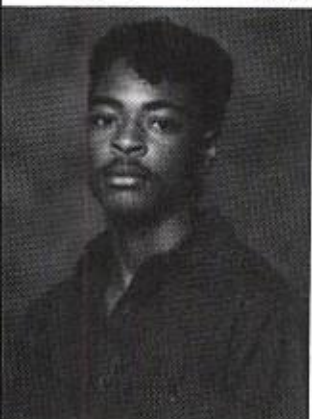

"Please don't make me cut up Wilbur! He was my favorite lab frog . . . O.K., if I have to, at least give me a tissue to cover up his face so I won't have to look him in the eye." Cutting up your pet frog may not be your cup of tea, but the sophomores who have biology have to face this tragedy every day. The sophomores, finally over the nervousness and the adjusting involved with being a freshman, can now settle down and begin enjoying high school life. What could be more entertaining than learning that George Washington had wooden teeth or that Columbus discovered America by accident?! Then there's the dreaded BST!! Sitting in the lunchroom for three days, the sophomores sweat out the test that decides whether or not they'll graduate. All in all, the class of 1990 takes everything in stride while awaiting patiently the day they will be upperclassmen.

Freshmen In Constant Motion

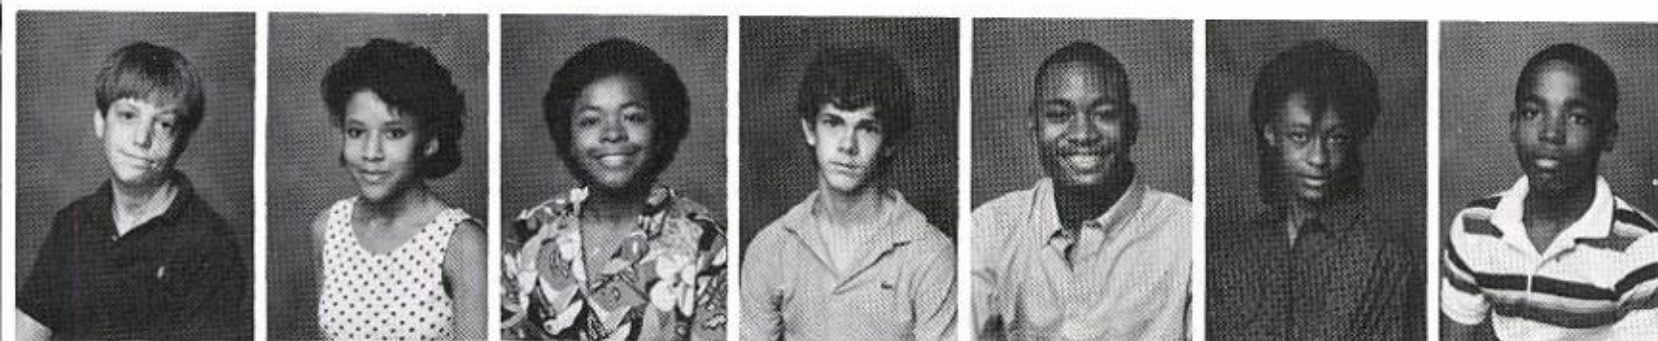

"What do you mean this is English? I'm supposed to be in geometry" ... "I'm sorry I was late to class, but I walked around in circles for 10 minutes trying to find this room." — The freshmen may be the new kids on the block, but they're certainly not lost; after all, they have their student handbooks for guidance. Seriously, the life of a freshman is not as easy as everyone seems to think. Aside from learning their way around, the freshmen have to learn new rules, meet new teachers, and adapt themselves to new routines. The freshmen live in a world that is in constant motion, but when the wheels stop turning, they emerge as a class in complete control.

Cheerleaders Work To Raise Spirits

"Two bits, four bits, six bits, a dollar . . . All for the cheerleaders, stand up and holler!" Cheering for the cheerleaders is not a common occurrence but certainly needs to be done. Their season starts in the summer during a week long cheerleading camp and continues throughout the spring. They have the incredible job of keeping their spirits up as well as the spirits of the entire school. They successfully show-up any other school's puny run-through sign at football games with gigantic drawings of our Bulldog on the field! They also keep the school spirit going with new cafeteria signs every week. HOORAY CHEERLEADERS!!

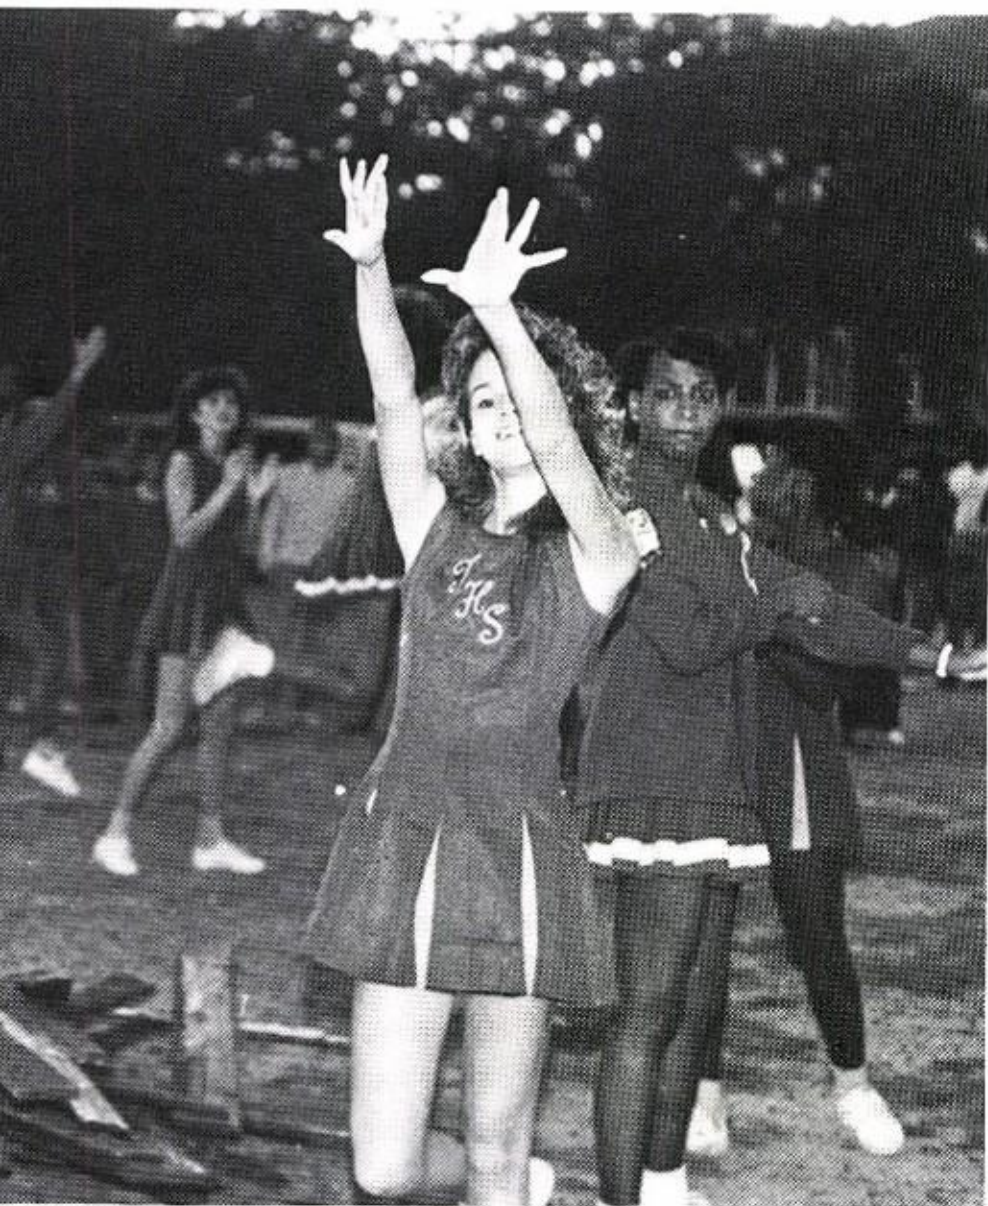

Top to Bottom — Left to Right: Angie West (Captain), Monica Franklin, LaShunda Brown, Marie Hic, Melissa Deas, Rokelle Hadley, Gena Goodrum, Monica Jones (Co-Captain), Erin Heleen, and Le Raney.

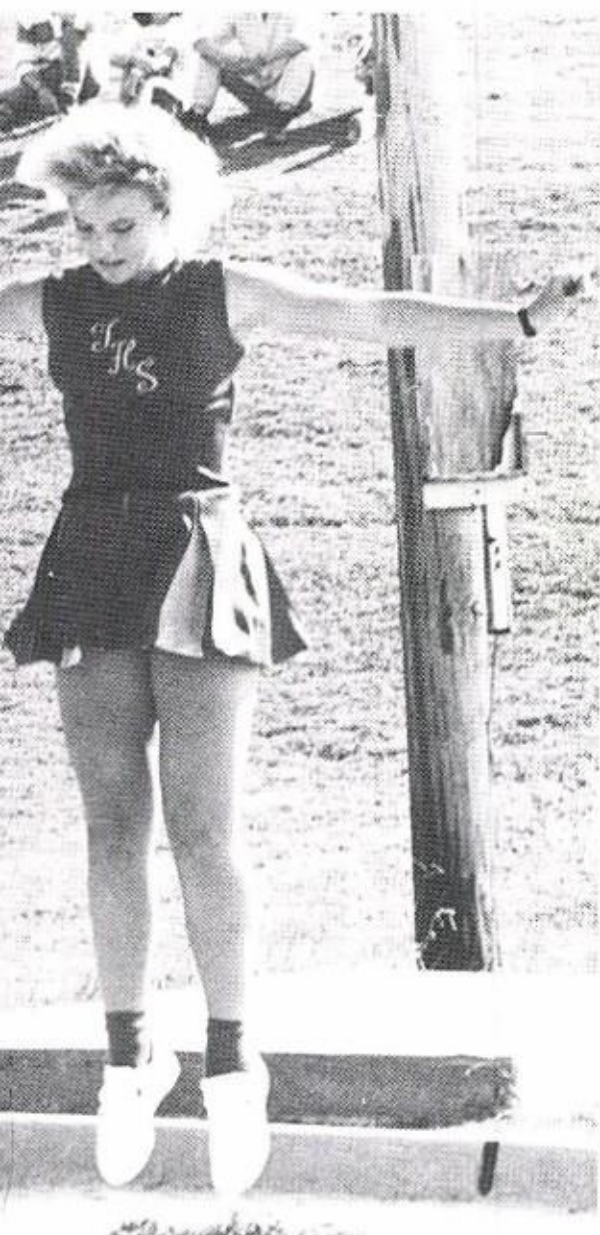

Kneeling: Trella Stringer, Nicole Scruggs. Standing: Laura Clements, Susan Sullivan, Melynda Ray. Top to bottom: Maggie Flowers, Nikki Hill, Mandy Schofill, Julie Lane, Jennifer Maxwell.

JV Cheerleaders Generate Pep

... "Now freeze and let the Juniors do it!" ... Silence. Ok, cheering for the parents may not be as exciting as cheering for the student body, but it is just as important. After all, don't adults get a little discouraged when the score is 49-0 in the other team's favor? The B-team squad also gains valuable skills while cheering for the parents. They have to work very hard to make it where they are; after all, they had to start from scratch, learning all the cheers and chants! Good luck, girls! We can't wait to see you on the Varsity squad!

Majorettes And Flag Corps

March in step, feet up, eyes forward, military bearing—now, try to twirl the stick you're holding — Ahhh! Yes, it is enough to drive you crazy but the flag corps and majorettes seem to do a very good job of it. While our ears hear the music, the music is being interpreted in front of our eyes by these two special groups of girls. Both groups of girls add life and color to the band by capturing our eyes and completing the envelope around our senses. Uh, Oh! I'm sorry! I didn't mean to hit you in the head with my flag pole.

Exchange Goes To South Dakota

I'm sure a pressing question on many of our minds is: What exactly does the word "uff-da" mean? Well, if you weren't a member of the Domestic Exchange this year, you may never know! . . . Performed every other year, this year's DE group went to Sioux Falls, South Dakota. The group was met with a wind chill factor of less than 0 degrees that continued to drop. Among the activities they participated in were the ever-popular factory tours, bank tours, attending school with their partners, and (drum roll please) — SKIING (with only one injury to show for it — sorry Erin!) Domestic Exchange is a valuable experience for its participants and a whole barrel of fun for all involved.

“Infancy” Wins Region

Waaaaah! — Infancy is something we all experience, but the cast and crew of “Infancy” gave the work a whole new meaning. They gave their audience a new look at the minds of babies with a twist of humor for spice. Under the direction of English teacher Marilyn Cranford, the play traveled to region where they placed first. Steve Litherland was named best actor for his portrayal of Tommy, a frustrated baby who was eager to learn. “Infancy” did not place at the state competition but there’s always next year.

1987 Prom Becomes Masquerade Party

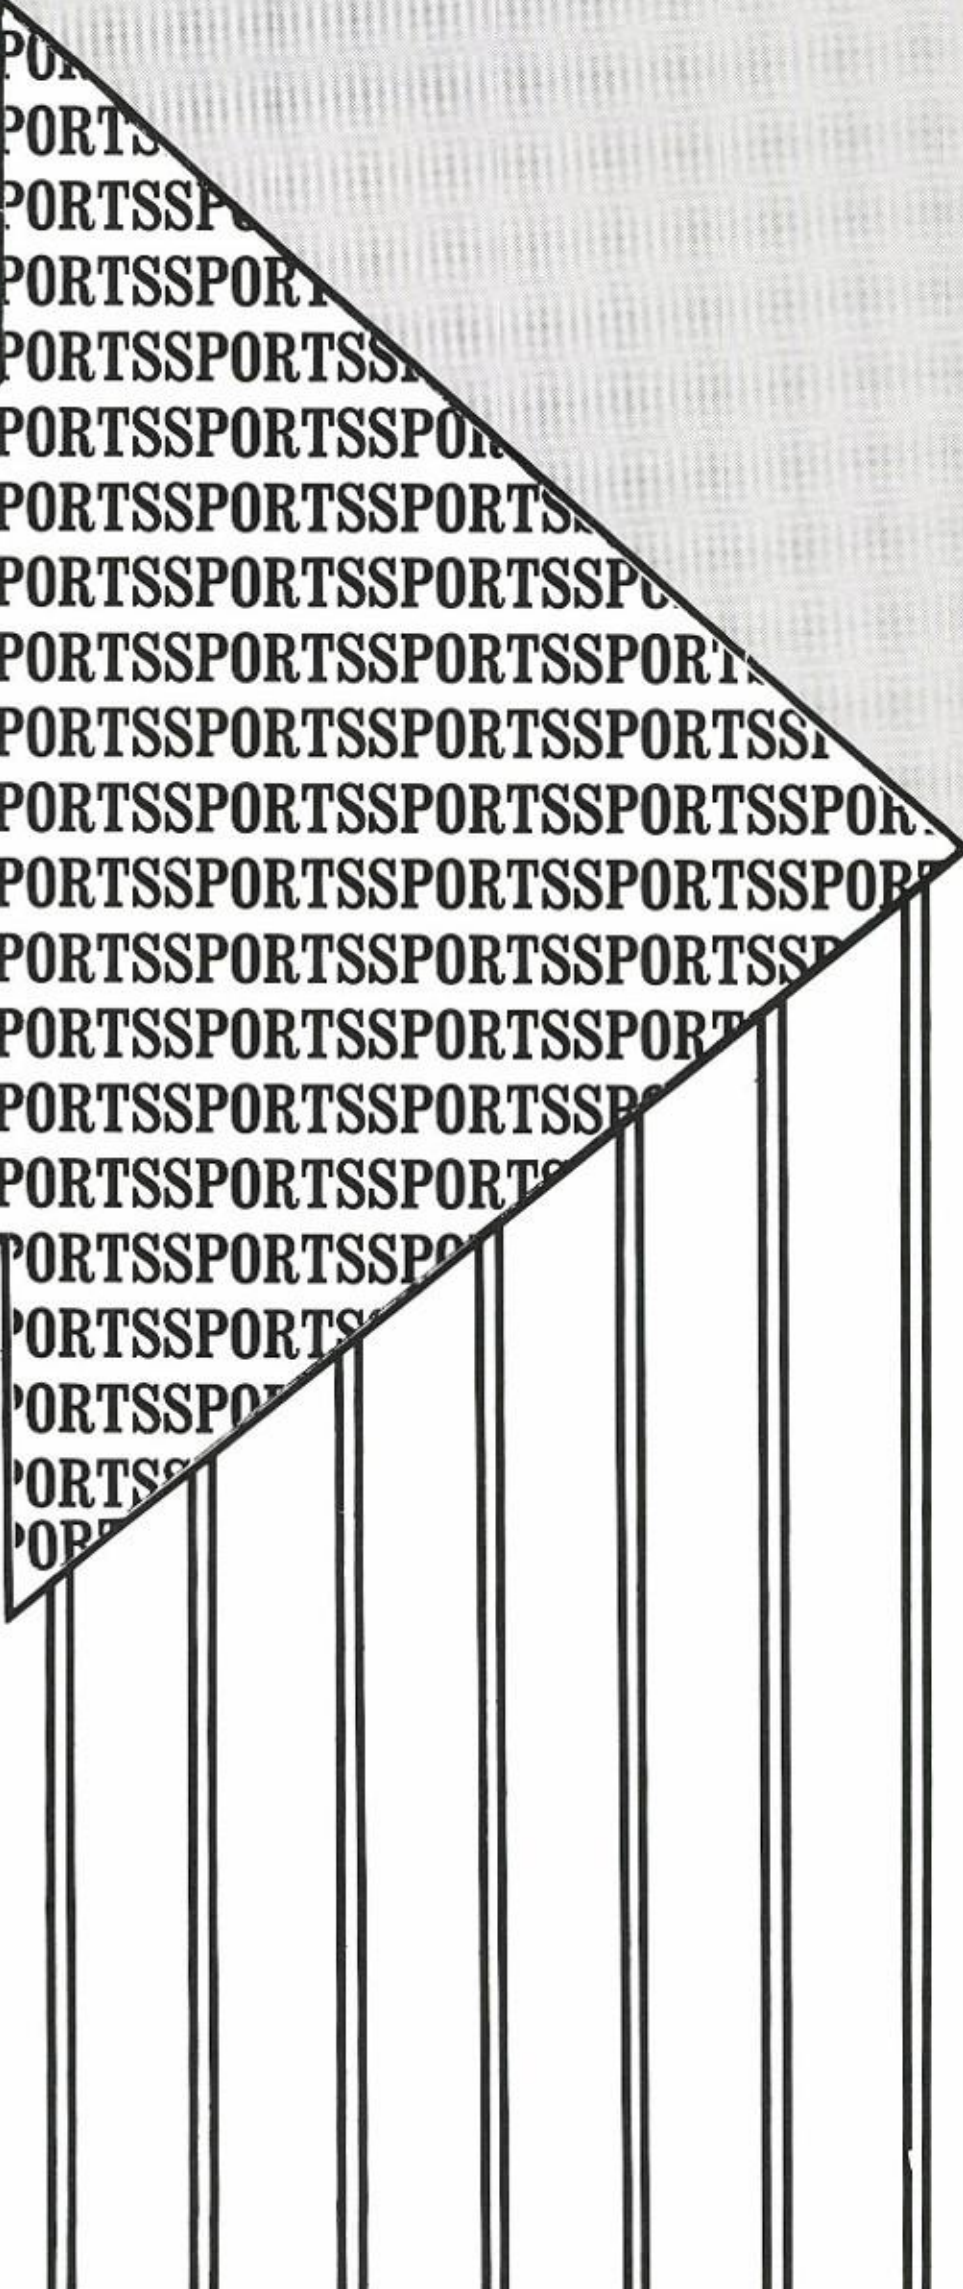

Everyone may not have been wearing masks, but "Midnight Masquerade" was certainly festive. The prom-goers whirled and twirled to the jamming music of "Pirahna" from Mobile, Alabama. Working feverishly for 5 weeks, the prom committee created some spectacular visual effects including two eight feet wide masks designed by Industrial Art Teacher, Lee Bailey and many smaller masks decorated with help from Art Teacher, James R. Williams. The THS cafeteria was transformed into a "masquerade."

'Dogs Go Undeclared In Regular Season 10-0

WE LOVE OUR DOGS! And well we should. 1987 turned out to be one of the best seasons for the Dogs! The nail biting of the crowd stopped after the first game against Colquitt when we got a look at the awesome power of our Bulldogs on the field. One win followed another until . . . BOOM! . . . Cairo was defeated and the syrup-pitcher remained a part of the THS trophy case. Then came the game of the season-THS vs. Central. The crowd was on the edge of its seat throughout the entire game but was rewarded with a 15-6 victory over the Jackets (Way to go, guys!). The spunk and spirit of the team led them to a 10-0 regular season and to the Region 1-AAA Playoffs. They began the playoffs with a 13-7 victory over Linbridge but lost the Region to our cross town rivals with a score of 35-21. The Bulldogs could be admired for the dedication and energy they displayed throughout the season.

Varsity Boys Win Sub-Region

The Boys' Basketball team kept fans on the edge of their seats throughout the whole season, finishing with a record of 13-4. This record included a defeat of our cross-town rivals, Central. Led by Eric Curry, Shawn Jones, Arthur Johnson, Mike Jones, and McCarthy Daphney, the Bulldogs proceeded to win Sub-Region and travelled to Region. At Region they were defeated by Appling Co. by a 3 point margin, 61-58. The Lady Bulldogs did not have a great season but put up a good fight, finishing the season with a 3-13 record.

87 Track Team Runs Well

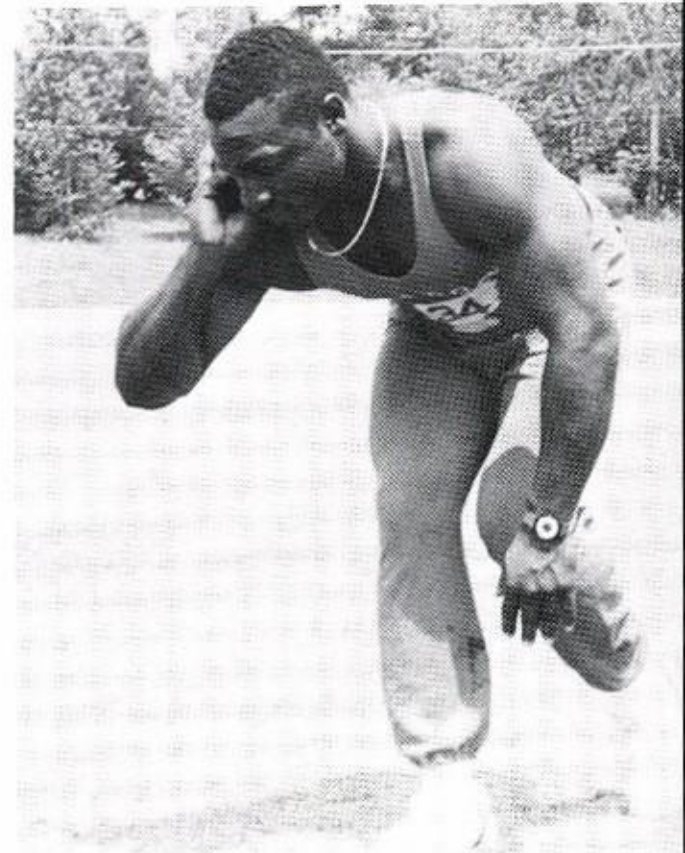

"You want me to jump over those saw horse-like things and then run all the way around the track?! I don't care if they're called hurdles, I still don't want to do it. Many of us consider the large gravel track a monster, but the track team of THS has conquered it. Although the boys' and girls' team closed the season with a 2-3 record, they're looking for a better season next year.

Mammal Animal

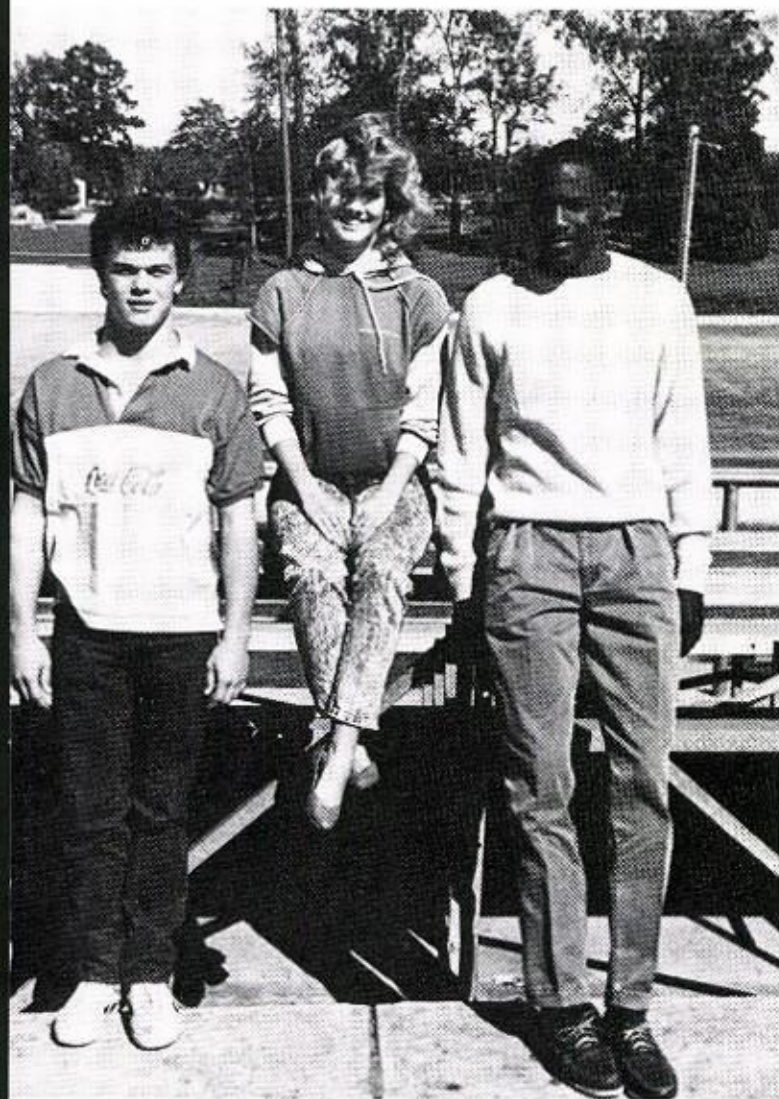

The Mammal Animal Club is a new club this year. Formed by students and sponsored by Ms. Crews, the Mammal Animal Club was formed to increase the awareness of mammals and "mooring." This year, they have increased milk consumption in the community and decreased the amount of "cow tipping." This club should be an interesting club to follow in years to come.

FCA Inspires

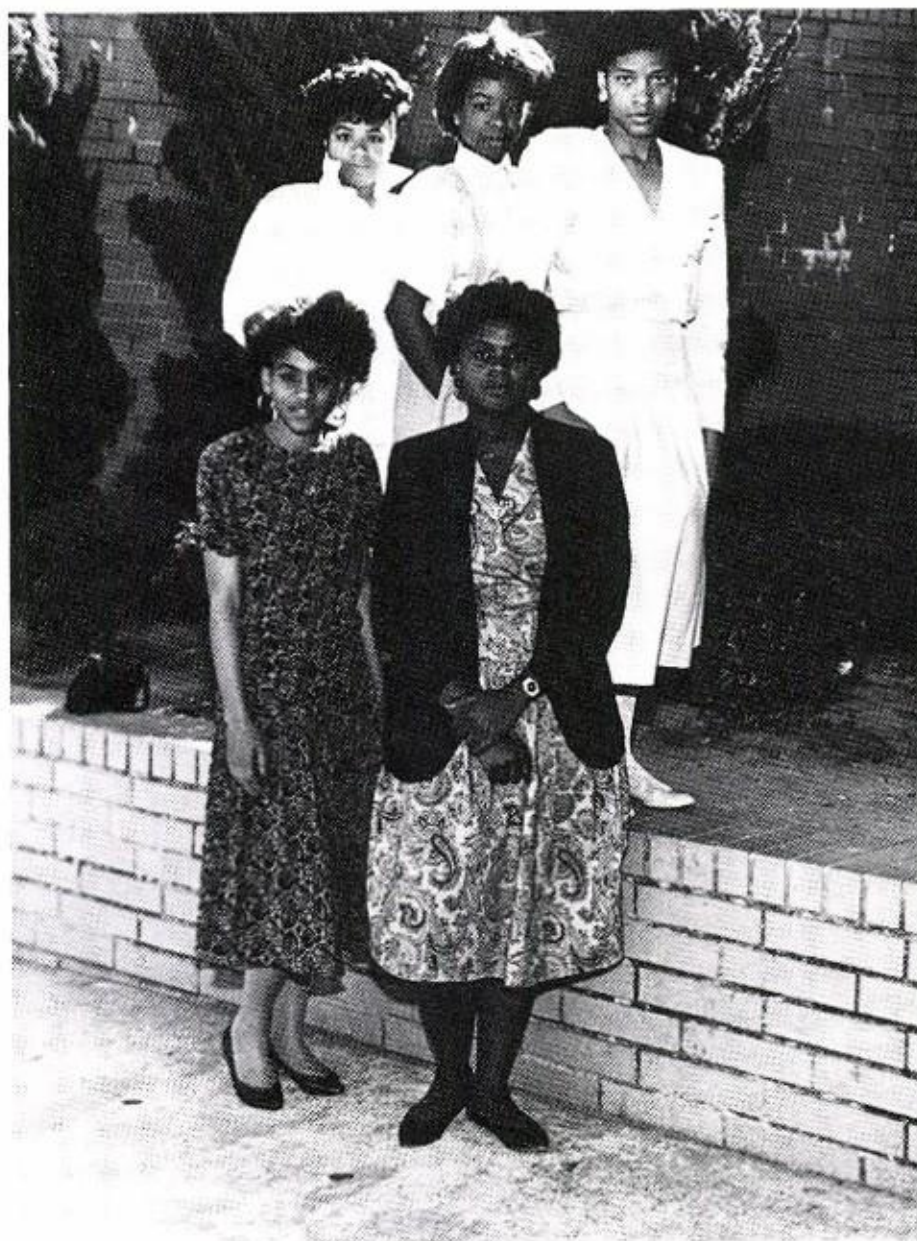

The Fellowship of Christian Athletes is a long-standing club at THS. Composed of the athletes and cheerleaders of THS, the FCA is devoted to promoting unity and sportsmanship among its members while contributing to the good of the community. The FCA members are to be respected for their spirit and commitment to our school.

FCA Members: Sitting: Arthur Johnson, Robbie Bohman, Jim Arnold. Delta Psi Phi And DATT Clubs

This is the first year that DATT has joined the ranks of clubs at THS. DATT is mainly a service organization, helping with various campaigns this year and working with children at the YMCA. They should also be commended for their community projects; collecting trash, fruit baskets for nursing homes, and Christmas gifts for the needy. Delta Psi Phi is one of the many sororities at THS. They organize car washes and barbeques to raise money and serve our community through visits to various nursing homes and serving on the board for the handicapped at the Thomasville Parks and Recreation Department.

Delta Psi Phi Officers: 1st row: LaShunda Brown, Sec.; LaTonya Williams, Treas.; 2nd row: Tonya Peters, V. Pres.; Angelica Clark, Pres.; Adrienne Daniels, Assistant Sec.

Mystery meat again!? I can't stand it. That's the third time this week! . . . If you've ever wondered who's responsible for our meals in the lunchroom, then look no further. The Youth Advisory Council has the awesome responsibility of planning our meals for the month (or of the month depending on how long the meat can be kept fresh!). They work hard to balance our diet with a fairly appealing menu.

Kappa And Omega Tri-Hi-Y

Kappa, the Junior Tri-Hi-Y, and Omega, the Sophomore Tri-Hi-Y, are two of the most active clubs of T.H.S. Each month they perform various school and community projects including bulletin boards in the cafeteria, visiting nursing homes, free car washes, and washing boards for teachers. The climax of the clubs' year is a trip to Atlanta to attend Youth Assembly, a mock Georgia Legislature. The students gain valuable experience learning how the government runs and operates while getting a chance to pass their own laws that really do go before the actual legislature!

Officers, 1st row: Amy Mereness, V.pres.; Tolli Redd, pres.; Erin Heleen, s. 2nd row: Cherie Vaughan, treasurer; Julie King, chaplain.

Standing: Julie Lane, Miranda DeM Susan Dixon, Ashley Culbreth, Catherine Ray, Kim Fletcher, Angie Fletcher.

Student Council New At THS

The Student Council is a relatively new organization at THS. The members represent all grades and convey the feelings of the student body to our administration. They are responsible for increasing school spirit through dress-up days and pep rallies and organized the "Arrive Alive" chapter at THS. The flowers for Valentine's Day was a major fundraiser for the "SC" and the money raised will be used for a secret project. (Rumor has it that they will do such projects as sponsor a needy child.) The Student Council promises to be a major organization of our school as it grows and develops to its full potential.

Student Council Members: 1st row: Melissa Deas, Chris Phillips, Nicole Novak, Stef Davis, Robbie Bohman, Jennifer Douglass, Susan Sullivan, Wendy Godwin, Stephanie Hamilton, Jennifer Maxwell. 2nd row: Sherwanna Flanagan, Amy Reeves, Caroline Wight, Arthur Johnson, LaShunda Brown, Jerome Simpson, LaTanya Williams, Richard Williams, Anthony Wyche, Trella Stringer, Toyca Williams, Melynda Ray. Computer And Science Clubs

Remember the monster that Dr. Frankenstein created? Well, the good doctor probably learned how to make it in the Science Club. The THS Science Club is composed of the pure biologists, chemist, and physicists of the world. They explore the world of science, learning more about our world in the process, and participate in the Science Fair. The Computer Club is a new edition to THS. They aid our school by creating banners, signs, and posters for upcoming events. Just be careful. Erase a program and you may not live til the next meeting.

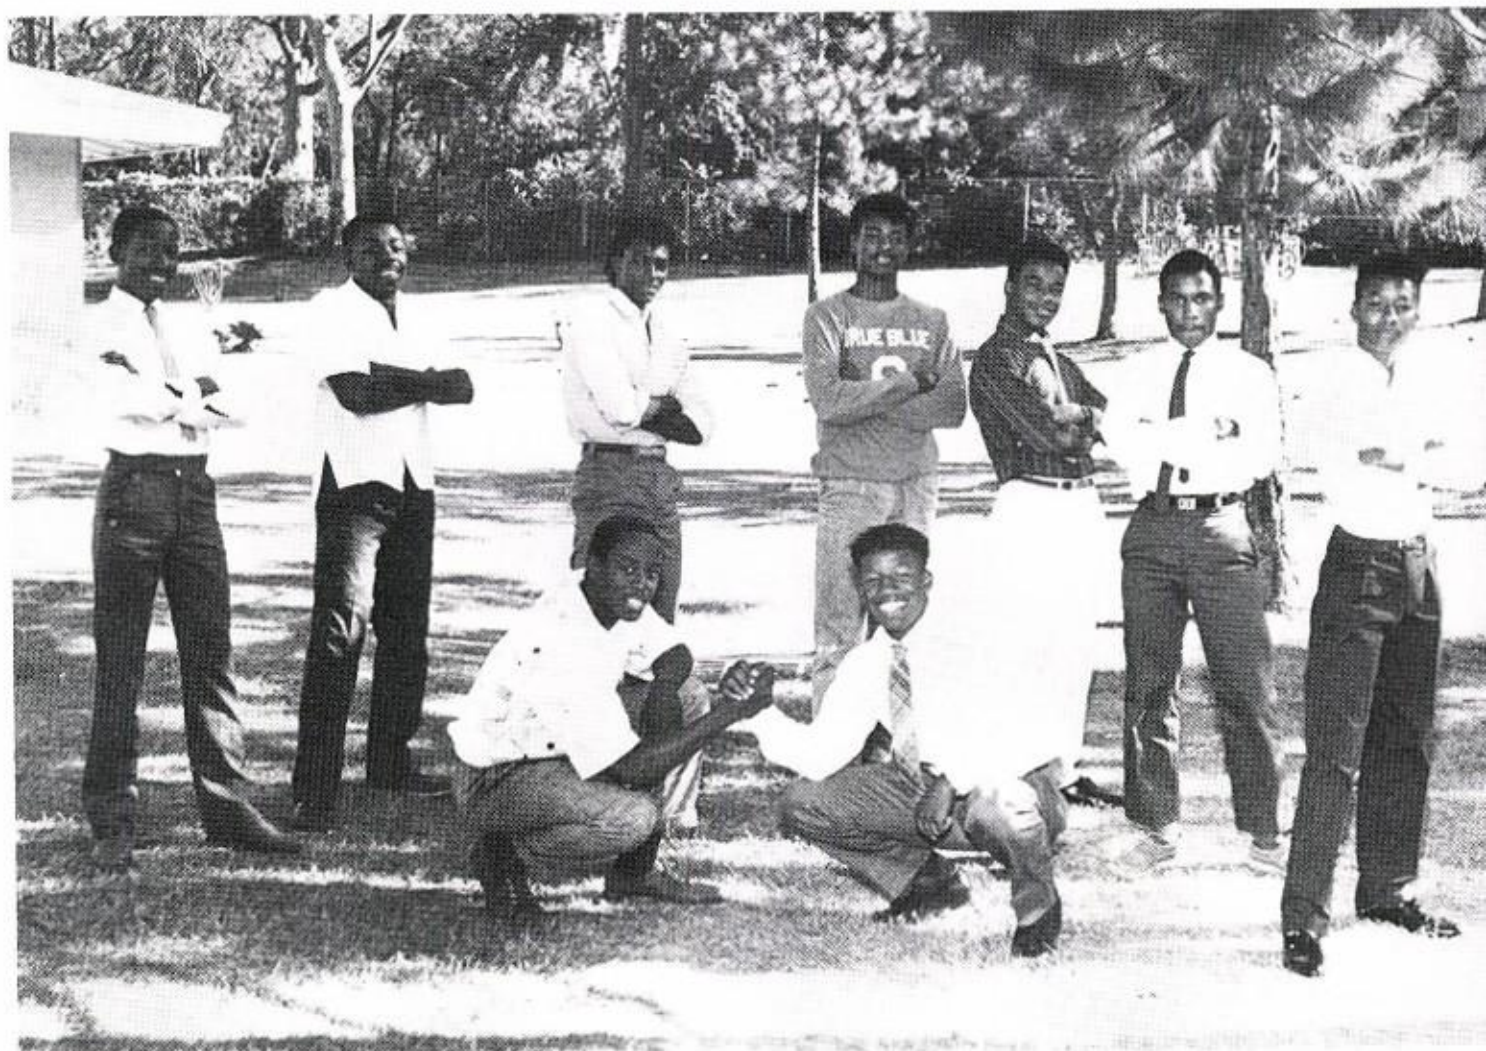

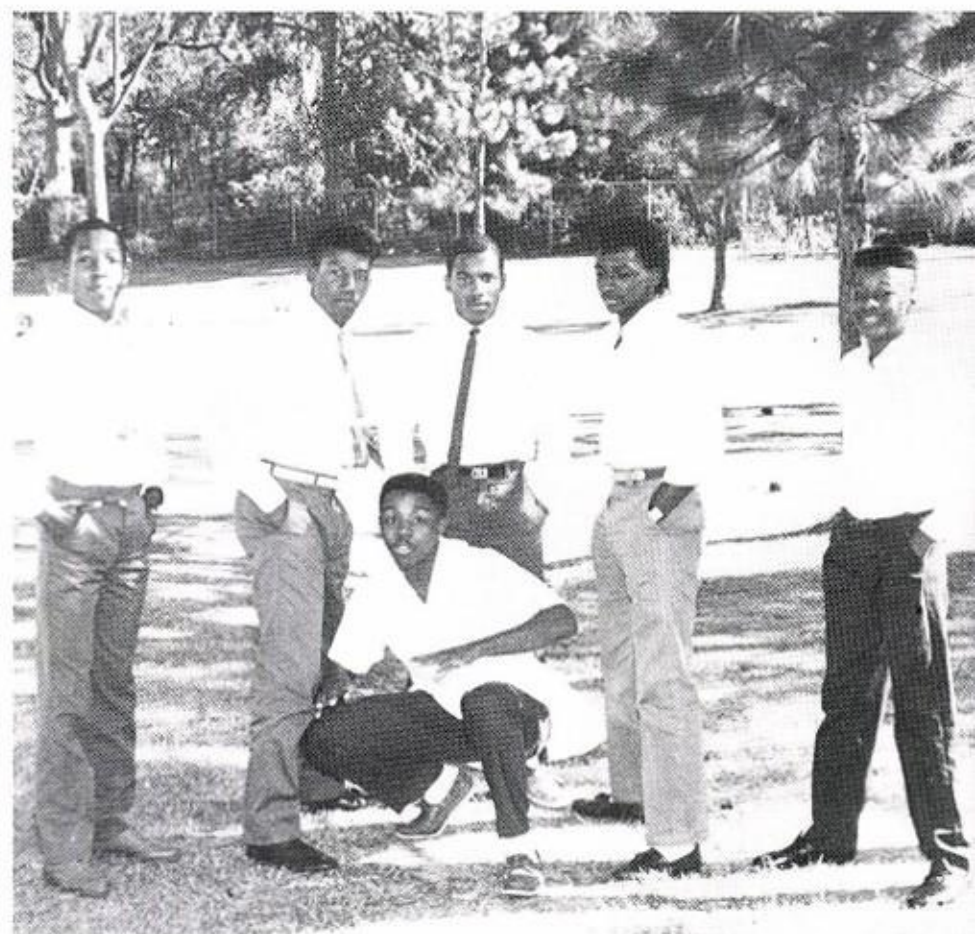

Computer Club Officers (right) 1st Row: Ronald Tillman, treas; Mark Addington, vice-pres.; Madie Powell, secr. Members: 1st row: Patrick Carley, Haji Reynolds, Barbara Helton, Angela Monroe. 2nd row: Yasmine Williams, Alicia Tucker, Ronald Tillman, Toyca Williams, Melissa Deas, Madie Powell, Kate West, Stef Davis, Catherine Vaughan, Amy Brinkley, Mark Addington, Niki Nawrocki, Monica Mack, Kim Homer, John Smith. 3rd row: Doug Maxwell, Kevin G. Heidorn, Richard A. Hulley, Mark Zeigler.

Sigma Beta

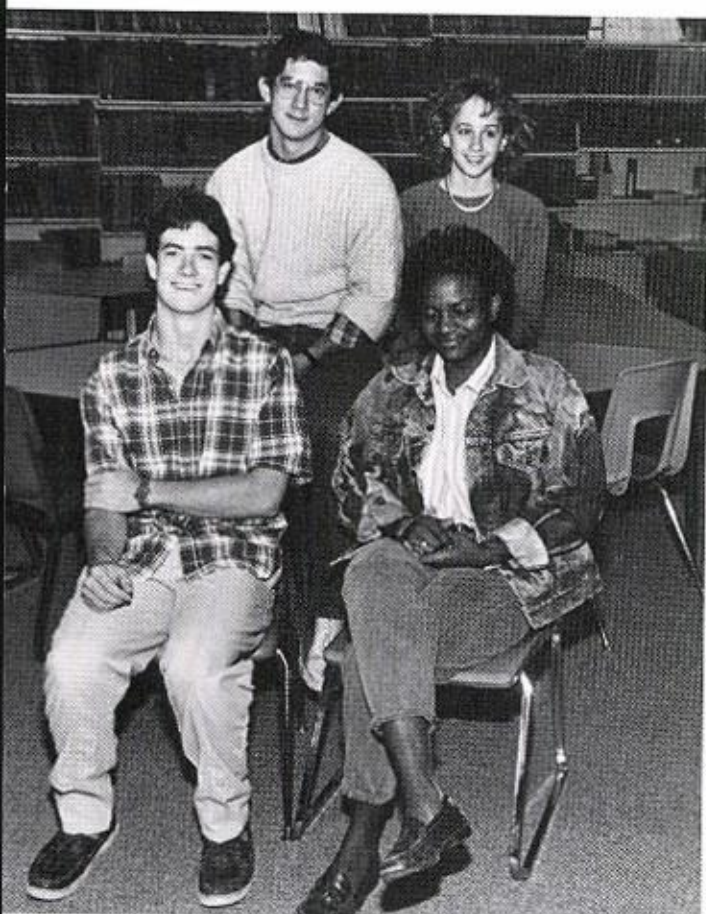

So, you can't step. Well maybe you should take a lesson from these guys! They are known for their stepping, but that's only one aspect of their club. They aid our community in various ways. They visit churches and colleges, are members of SADD, and participate in the Salvation Army can drive.

Sigma Beta Officers (far above): Kneeling: Chris Brown, Dean of Pledges; Standing: Derrick Higdon, 2nd vice-pres; Bern Simmons, pres.; Lawrence Hilson, secretary; Stanton Knight, vice-pres.; Benny Fredrick, treas. Members: kneeling: Terry Cla Bernard Simmons. Standing: Derrick Higdon, Chris Brown, Stanton Knight, Tommy Barnes, Keith Spencer, Lawrence Hills Benny Fredrick.

Debate Team Argues Well

Debate team is one of the most up and coming organizations of THS. Why? They provide students with an outlet for their frustrations of the day. What do they do? They argue! They debate against teams from other schools in a chosen topic they research. This year's topic was "American Policy in Latin and Central America." The members of the Debate Team, led by Mr. Chatmon, have developed a new art . . . the art of structured argumentation.

Debate Team Members (far above): 1st row: Paulette Arline, Calli Curry, Gina Porter, Caroline Wight, Catherine Vaughan, Derick Cooper, Stef Davis. 2nd row: Forenza Chatmon, Advisor; Marty Davis, Ashrin Patel, Demetrius Darden, Fred Wood, Jamey Greene, Kate West, Jessica Christian, Julie Ogburn. Officers (left): 1st row: Derick Cooper, affirmative co-captain; Stef Davis, negative co-captain. 2nd row: Fred Wood, captain; Kate West, secr.

Sub Debs

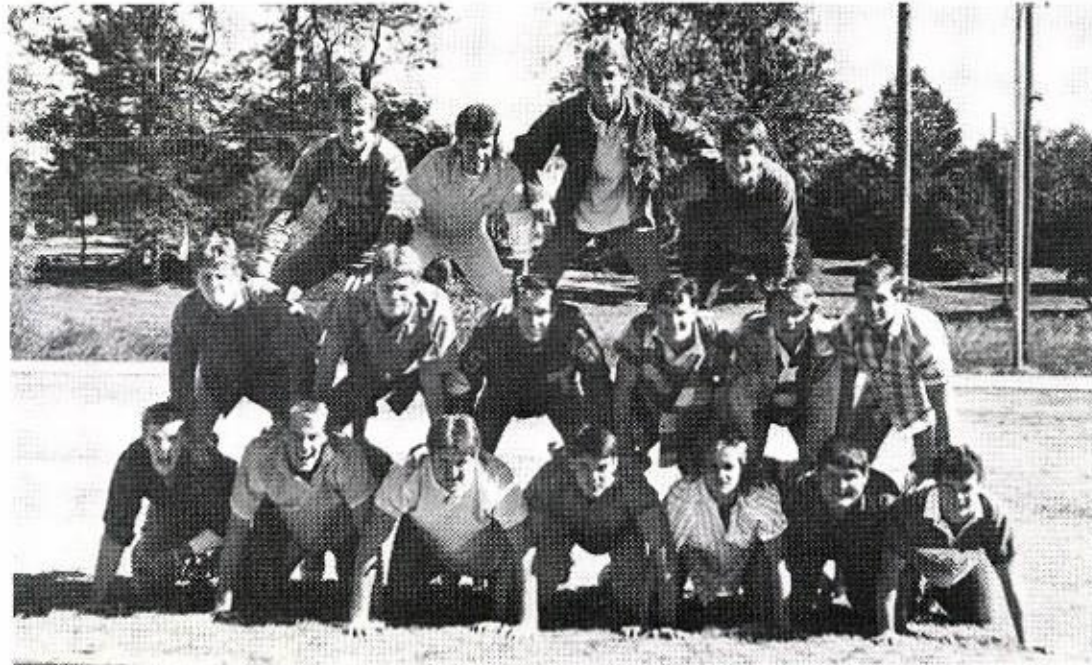

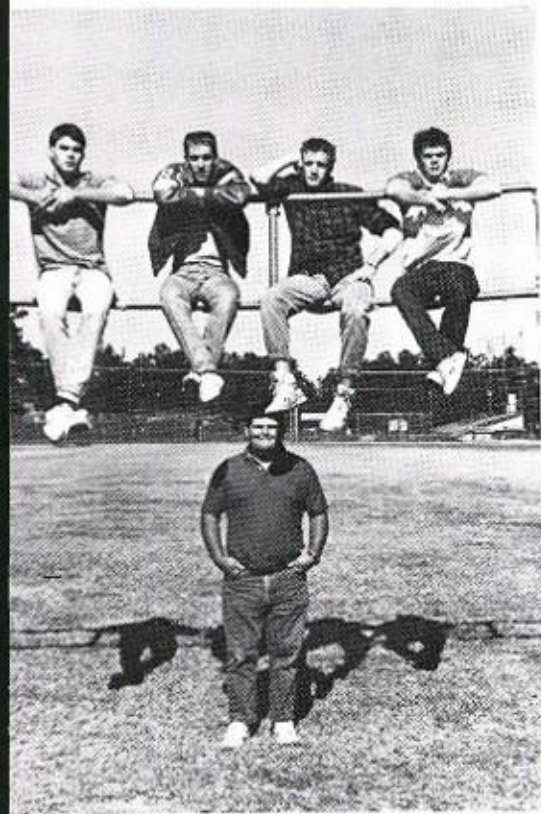

M&M's, car washes, and yard sales were just a few of the activities Sub-Debs participated in to raise funds for their annual Christmas Dance. The Sub Deb dance gives everyone a chance to get dressed up and celebrate the holidays. Everyone was jammin' to the sounds of Pirannah from Mobile, Alabama. The next Sub-Deb event to look for is initiation week and the ever-dreaded GUT DAY, not a sight or smell for anyone with a weak stomach.

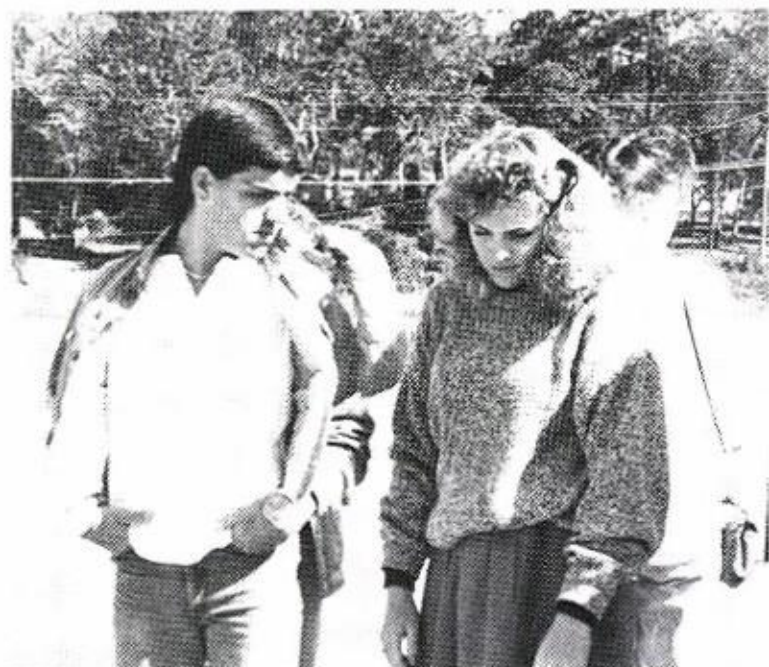

Sub Deb officers: Leslie Arnold, Parliamentarian; Melanie NeSmith, Chain; Mendy Godwin, vice-pres.; Lynn Gay, pres.; Christy DeLoach, secretary; Tina Colvin, treasurer.

Key Club Active

The coolest guys at THS? Well, they think so. The Key Club is a loose knit organization of fun-loving guys dedicated to service in our community. They're responsible for setting up chairs at the Rose Show Parade and helping with the Special Olympics.

Key Club Members (above): Sitting: Trevor Henderson, Ernest Bryant. Kneeling: Scott Milberg, Rusty Parrish, Lee Barnes, Joseph Walden. VICA And VOCA Clubs

VOCA assists students in discovering all the prospects available to them in the educational and career world. Through VOCA, students acquire knowledge of professions they plan on entering and preparation for decisions they will have to make. The members of VICA, Vocational Industrial Clubs of America, are out to improve their industrial skills. These students attend the vocational school every day as they strive to reach the cutting edge of the world of industrial machines.

Industrial Arts Members: Gina Porter, Fred Wood, Craig Wood, Matt Savage, Sam McCollum, Seth Coffin.

Kappa League And Industrial Arts

The Industrial Arts Club contains the future architects and builders of the world. They spend the year preparing for a competition where such things are judged as scale model houses and races with scale model cars. Kappa League is a club known for its superior stepping ability as well as its service to our community. They have fund raisers such as car washes, barbeques, and of course ... Greek Shows.

Spanish Club Members: Sitting: Brett Dyess. 1st row: Latrice McCloud, Tia Thomas, Ryan Kelly, Trey Desantis, Ashley Wilson. 2nd row: Fran Barnes, Nikki Robinson, Marnee Gaines, Jennifer Maxwell, Stephanie Hamilton, Renee Reeves, Susan Sullivan, Amy Lester, Cherie Vaughan, Richard Goodrum. 3rd row: LaShunda Phillips, Cherie Hopkins, Angela Mitchell, John Donaldson, Jimmy Kirkley, Calli Curry, Ira Staten, Michelle Lassiter, Tracy Twidell, Audra Adams.

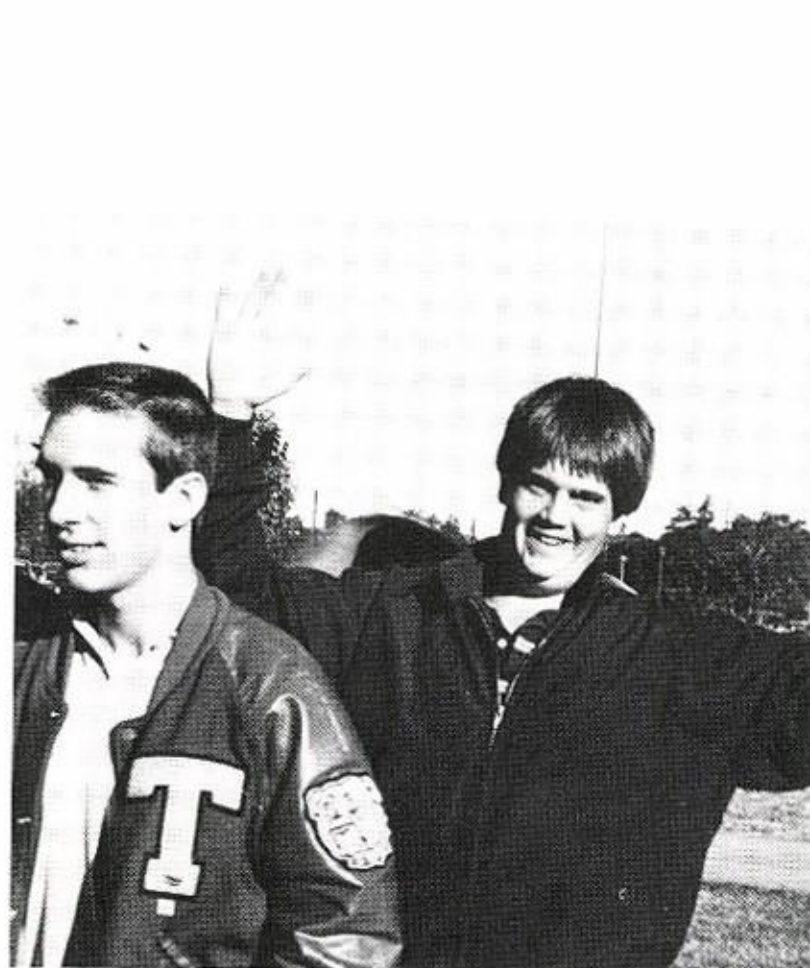

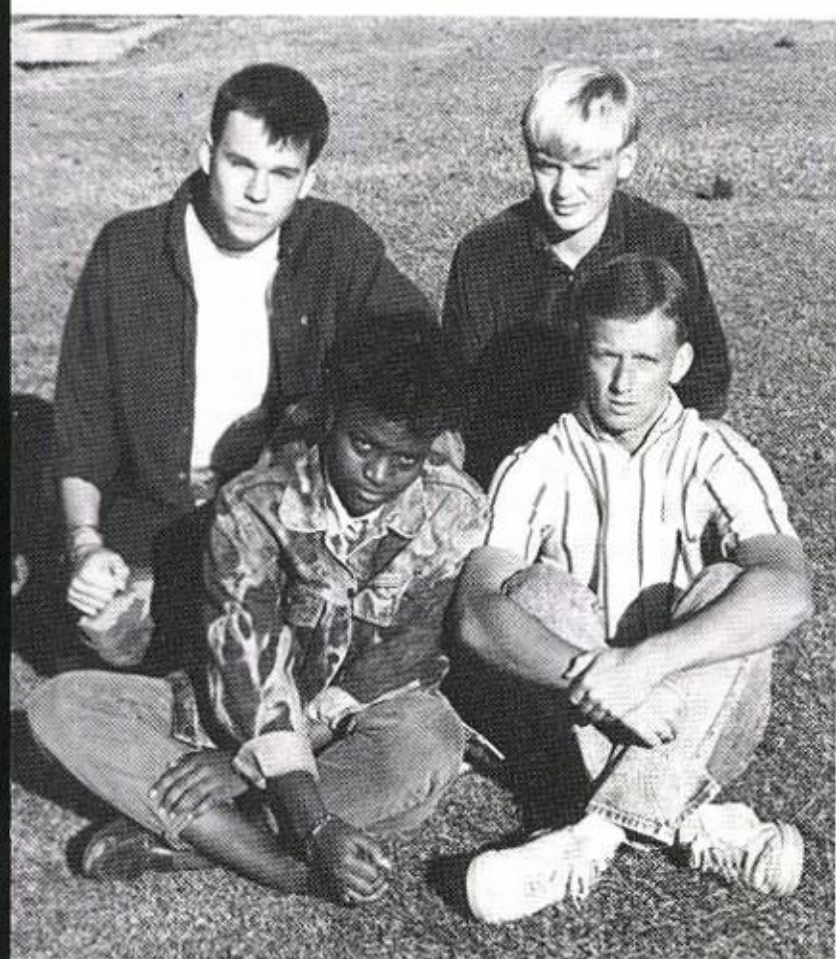

Spanish Club And Latin Club

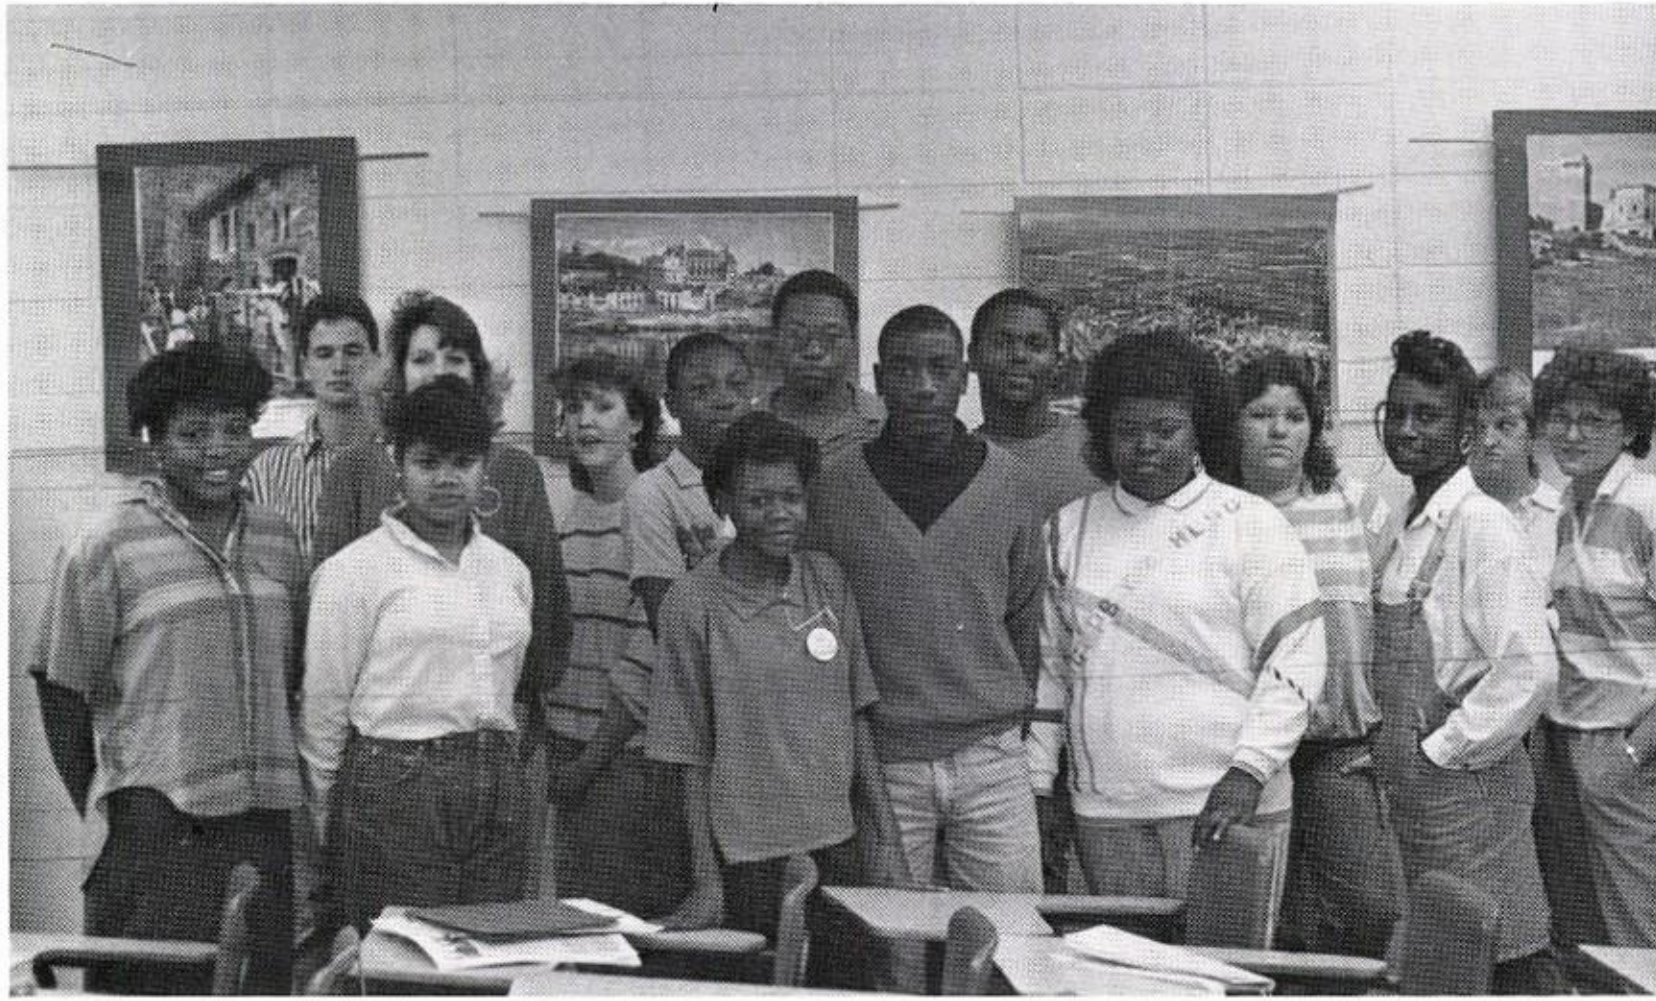

Hola! If you don't know what that means, you're obviously not in El Club Espanol. By the way, who says Latin is a dead language? It's alive and well here at THS. Both the Latin and Spanish Clubs work to enhance the language skills of "elect" students at THS through singing and acting while trying to reach the entire school through the festivities of Foreign Language Week.

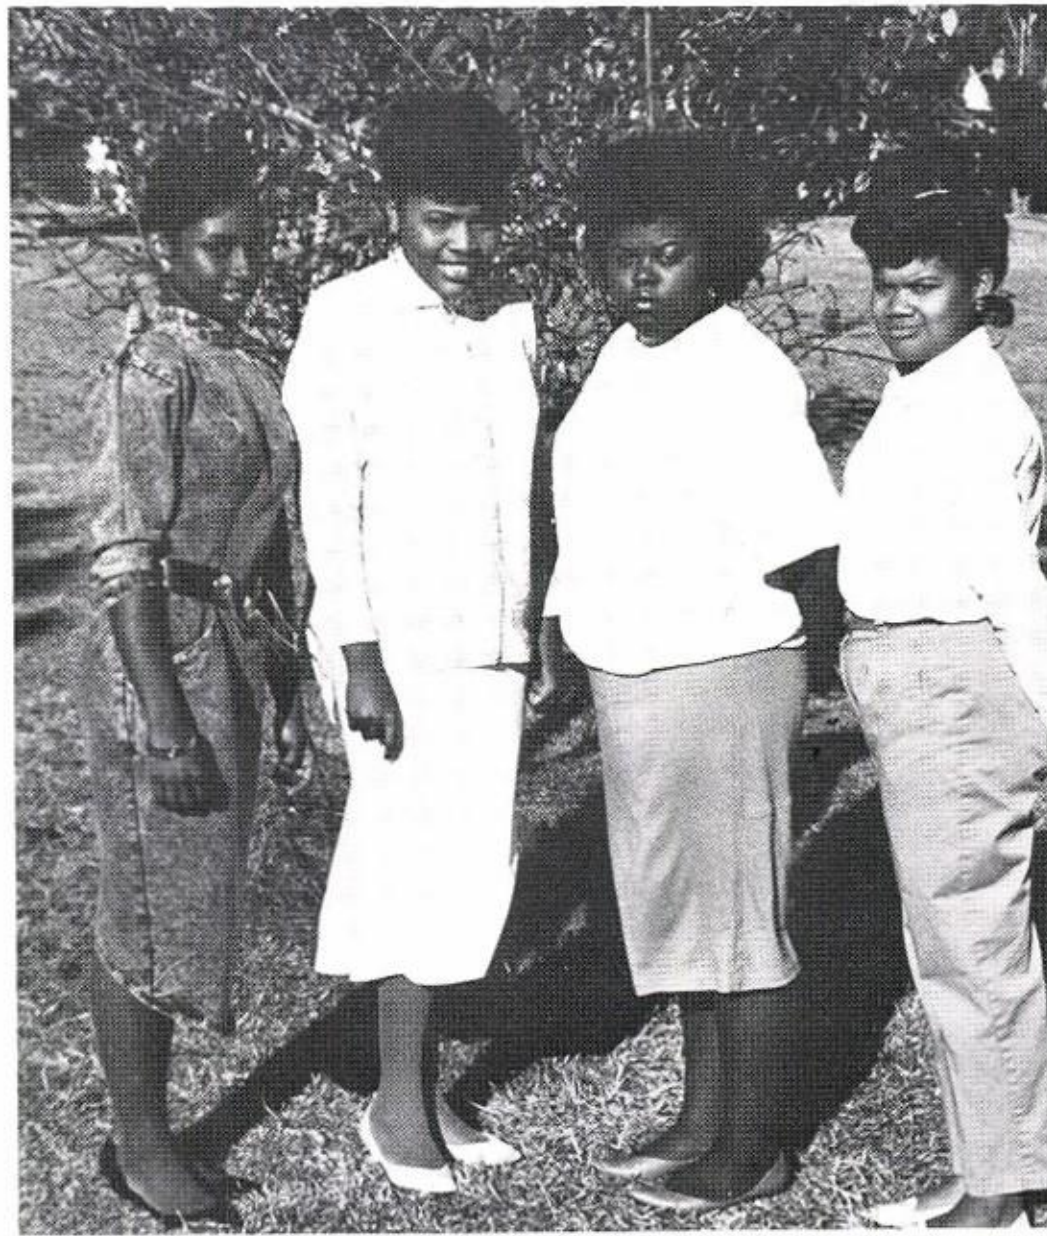

Spanish Club Officer: Sitting: Ashley Wilson, Treas.; Ryan Kelly, V. p. Susan Sullivan, Pres. Standing: LaShunda Pitman, sec.; Tracy Twidell, torian.

French Club Studies Culture

FBLA Studies Businesses

The French Club, led by Dr. Franchi, is a club designed to promote the use of the French language and introduce the students to the culture of France. The members have visited Chez Pierre in Tallahassee and have made friends from other countries. The FBLA, Future Business Leaders of America, is a group of people we should look for in the future. As their name implies, this club promotes the business interest of its members and has a small business of its own. They are responsible for the Hallograms, Santagrams, and Valegrams sent out in the school.

FBLA: 1st row (Officers): Raquel Lundy, reporter; Latrice McCloud, parliamentarian; Tulina Homyk, vice-pres.; Nicole Novak, pres.; Latitia Thomas, secretary; Tonyca Williams, sec. 2nd row: Fran Barnes, Michelle Brown, Karis Holt, Kate West, Julie Waits, Kalli Curry, Marnee Gaines. 3rd row: Trishun Johnson, LaTanya Williams, Monica Roundtree, Marticia Franklin, Angela Mitchell, Tangela Hopkins, Latrina Mitchell, Lou Ethel Davis, Patrick Carley, Tremaine Jackson. 4th row: Catherine Vaughan, Stef Davis, Susan Sherrod, Kenneth Turner, Haji Reynolds, Audra Adams, Yasmine Williams, Amy Shepherd. 5th Row: Donna Williams, Cynthia Simmons, Angela Monroe, Jan Johnson, Jessica Booth, Lee Mitchell.

Bulldog Bulletin Staff

DEADLINE!! I promise Mrs. Meredith, I'll have all eight stories for you by the end of the period . . . Amy signed out again? AHhh! . . . Where is everyone? Next door — they've defected to the Annual Staff until your deadline crisis is over, Mrs. Meredith . . . This is only the second year of existence for the Newspaper Staff, but THE BULLDOG BULLETIN has already made its mark on the literary world. The Staff was awarded the 1986-87 Columbia Scholastic Press Association Medalist Certificate, the highest award in the competition. The Newspaper Staff has done an excellent job in only its second year of publication and is certainly on its way up.

Annual Staff Shows Chaotic Organization

FORE! On no, Kevin and Jeff are playing golf in the pod again. Heads up! . . . Sherri's surfin' on the desks, Amy and Erin have been gone on a name hunt all period, and Tolli has been in the bathroom for 2 days . . . DEADLINE! Suddenly all the goofing off is over and Mrs. Stowers is drowned in a sea of pages being thrown on her desk for approval. "Air! Air!" . . . Kevin, in the meantime is typing just as fast as his two fingers will let him but the pages keep piling up . . . Caroline has had a nervous breakdown and is running around the foom flapping her arms and yelling "I need pages!" (We think she'll pull through) . . . Believe it or not, the Annual Staff is a very organized group of students. The Staff strives throughout the year to provide the student body and faculty of THS with a yearbook they'll be proud of in the years to come. As in past years, they've done again.

THS Students Go To College Honors Program

Two of THS's brightest students attended honor programs this summer. Senior Nikki Johnson attended Capstone Summer Honors Program at the University of Alabama. The six-week long program introduces students to campus life and classes. "I had a blast. It was nothing like going to school here," said Nikki. Junior Chris Phillips attended the Talent Identification Program at Duke University. This was Chris's fourth year in the program. The program lasts three and one-half weeks and gives students a chance to take a new class each year while students stay in the dorm and get a feel for campus life.

NCTE Winner And C & S Advisory Board

Have you gotten your letter yet Arthur? The meeting was last night? Whoops! . . . The C&S Advisory Board is a learning experience for its members. The Board attends monthly meetings where they explore the intricacies of banking and finance. Be nice to these people; you may need a loan someday and they're most likely to be behind the counter! The NCTE (National Council of Teachers of English) Achievements Award was awarded to Madie Lin Powell this year. Students are selected by the English Dept. and a writing sample, as well as a timed writing, are sent to the NCTE. Winners are selected on the basis of writing and analitical abilities. Names of winners are printed in a book that is sent to numerous colleges and institutes.

Seniors Run Government In Summer Session

The students who attend Boys' state and Girls' State gained valuable, first-handed experience as to how the government of Georgia functions. The students were elected to a mock Georgia Legislature, divided into a Senate and a House of Representatives, where they voted on bills and passed laws. On a more local level, the students got the chance to manage and run a city composed of the members of their floor.

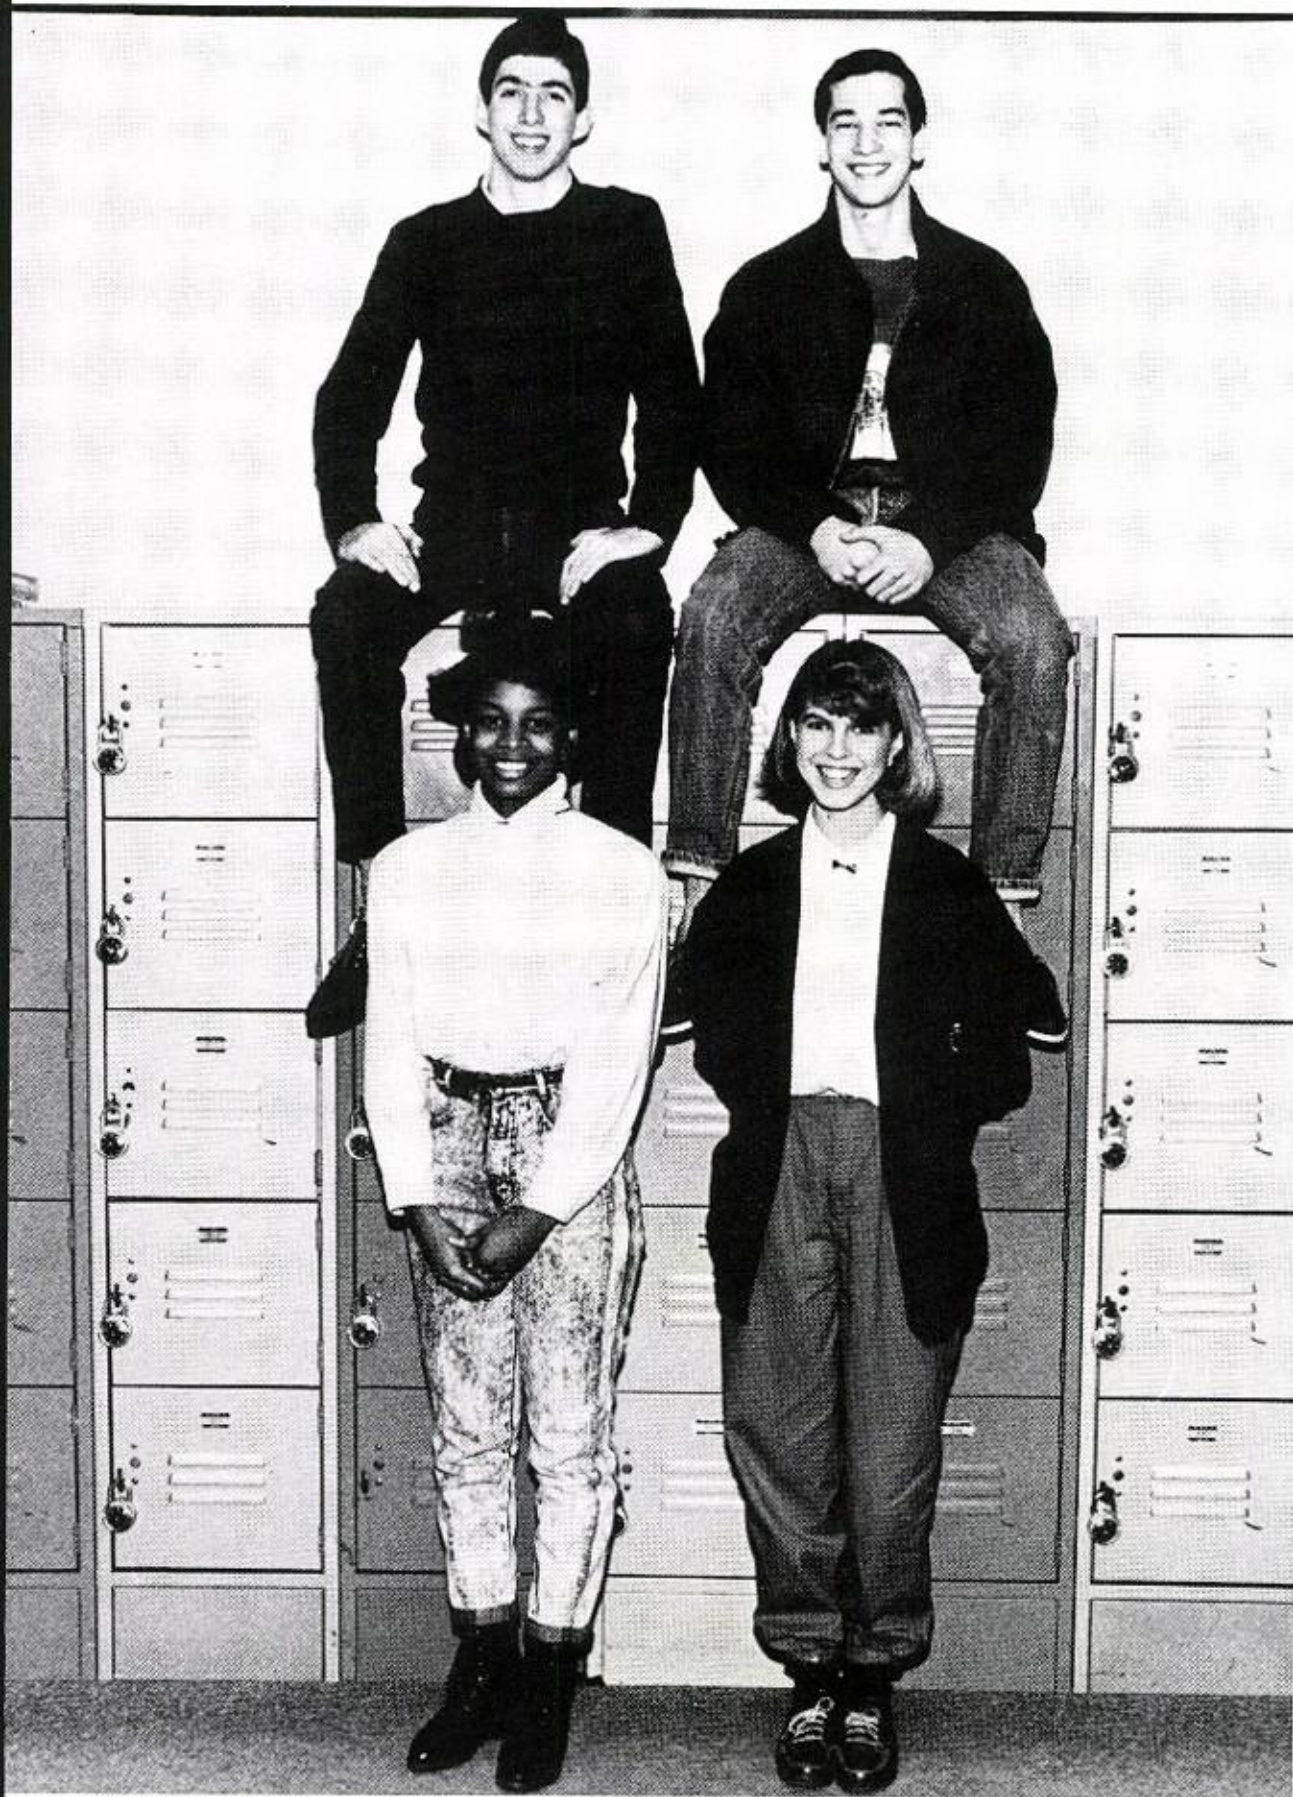

Girls' State: Above: Nikki Johnson, Caroline Wight, DaWanna Hunter, Dana Hurst (not pictured).

Boys' State; Right: Matt Bensen, Jim Arnold, Eric Curry, Robbie Bohman.

Presbyterian Junior Fellows

The Presbyterian Junior Fellows are chosen each year by the Presbyterian College. Amy Reeves, Angela Monroe, Doug Maxwell, and Jeff Copeland were selected this year due to their exhibition of excellence in academics and good citizenship. Students are chosen after the first semester of their Junior year. They have to have the highest cumulative academic average of their class for the previous two and one half years, at least a 900 PSAT or SAT score, and a recommendation from the principal. If they choose to go to the Presbyterian College, they receive a \$500 renewable scholarship for each of the four years that attend.

Clockwise: Angela Monroe, Douglas Maxwell, Jeff Copeland, Amy Reeves.

O'Brian Seminar, Governor's Honors

Sophomore Susan Sullivan attended the Hugh O'Brien Youth Leadership Conference this year in Atlanta. As ambassador from THS, Susan attended lectures and participated in discussions with her peers. The conference is designed for those people with the potential for leadership in their school. Attending Governor's Honors this year were Rosemary Ramsey, flute; Caroline Wight, communicative arts; and Stephanie Brunner, social studies. These students participated in an intensive study of their "major" while choosing a "minor" of study that they're interested in or just wanted to know more about. The students met people from all over Georgia, attended concerts at night, and even had the chance to tie-dye shirts!

Seniors Win DAR and STAR Awards

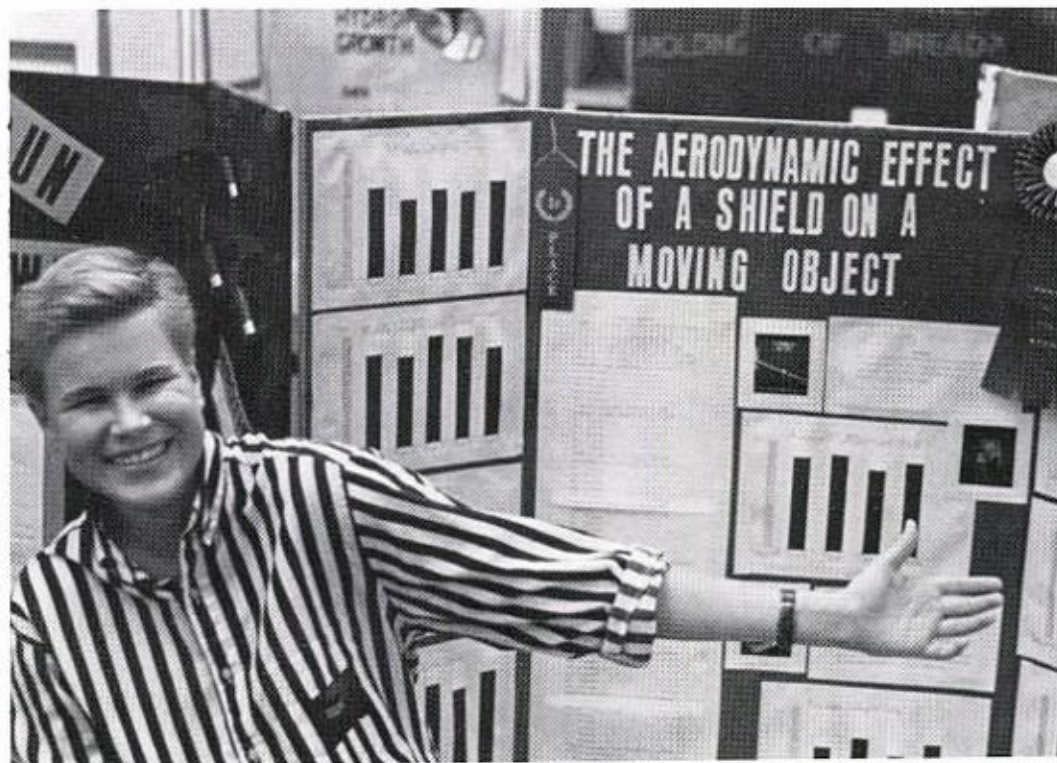

Nikki Johnson was chosen as Thomasville High School's STAR student for 1988. The Student Teacher Achievement Recognition is awarded to Nikki based on her high SAT scores and class ranking. Nikki chose as star teacher Mrs. Mary Johnson, her mother, who she said developed her interest in science and influenced her the most during her academic years. Caroline Wight was the recipient of the DAR Good Citizen Award for 1988. This is a very special and unique award because it is the only one where recipients are selected by both faculty and students, who vote on the person in the Senior class who most exemplifies patriotism, service and loyalty to school, community and country.

Beta Club, Smith Honored

The Beta Club is composed of Freshmen with the potential to be members of the National Honor Society. These ninth-graders must maintain a GPA of 3.5 and uphold the standards of character set forth by the Beta Club. The Beta Club performs service projects similar to those of the National Honor Society, and members will be eligible to be a member of the NHS when they enter the tenth grade. Bert Smith, freshman, was the THS overall Science Fair winner for the 1987/1988 school year. His project, "The Aerodynamic Affect of a Shield on a Moving Object," set him above his peers in the Physics division and led him to the overall victory.

THS Showstoppers

A new and welcome addition to THS is the Thomasville High School Showstoppers. Called a show choir, this group of talented students competes against other choirs by singing a variety of popular and patriotic music. They obtained a superior rating at Auburn University against other choirs from Georgia and Alabama. The Showstoppers also entertain at various functions such as the Georgia Department of Education Convention banquet in Atlanta and at various local functions. Directed by Fred Allen, the showstoppers have proved to be entertaining and popular group wherever they travel.

National Honor Society

Richie! How could you do such a thing? No socks at the induction ceremony is like eating soup with your fingers, it's just not done! . . . The National Honor Society NHS, is an elite group of Sophomores, Juniors, and Seniors at THS. This small group of students work really hard to maintain their GPA and uphold the qualities that are characteristic of NHS members. The NHS is responsible for such projects as food for the needy and candy for the nursing homes on Valentine's Day. These students should be praised for their hard work and dedication to our school and our community.

Literary Meet 1987 Highlights

There are many talented students at THS and some of them travel to Literary Meet. Demonstrating skills ranging from spelling to piano, these students compete to defend the pride of THS against rural schools. Locked in a room, students compete in their respective categories and wait expectantly for the results to be posted.

"If you win, you start yelling. If you lose, you slink away and hope nobody notices that your name wasn't posted."
